Call to Order

Roll Call

Approval of Agenda

Pledge of Allegiance

Report on Posting of Agenda –November 6, 2020

1. Written and Oral Communications from the Public and Commissioners

- A. Communications from the Public concerning matters which are not on the agenda but for which the Commission has subject matter jurisdiction. The Commission may not act on these matters at this meeting. (30 minutes total time allotted)

- B. Staff Updates. (5 minutes total time allotted)
- C. Commissioner reports, comments and inquiries. (15 minutes total time allotted)

2. Consent Calendar

A. Previously Discussed Items

None.

B. New Items

1. Approval of Minutes – October 8, 2020

Staff recommendation: Approve minutes of the Public Works Commission Special meeting October 8, 2020.

Staff contact: Senior Administrative Assistant Ayala, 310-456-2489 ext. 352

3. Old Business

None.

4. New Business

A. Capital Improvement Projects and Disaster Recovery Projects Status Report

Staff recommendation: Receive and file report on the status of the City’s current and upcoming Capital Improvements Projects and Disaster Recovery Projects.

Staff contact: Assistant Public Works Director Chase, 310-456-2489 ext. 370

Adjournment

Future Meetings

Thursday, December 10, 2020	3:30 p.m.	Regular Meeting	Location to be determined
Wednesday, January 27, 2021	3:30 p.m.	Regular Meeting	Location to be determined
Wednesday, February 24, 2021	3:30 p.m.	Regular Meeting	Location to be determined

Guide to the City Commission Proceedings

The Oral Communication portion of the agenda is for members of the public to present items which are not listed on the agenda, but are under the subject matter jurisdiction of the Commission. Although no action may be taken, the Commission and staff will follow up, at an appropriate time, on those items needing response. Each speaker is limited to three (3) minutes. Members of the public wishing to speak during the meeting must participate through the Zoom application. You must first sign up to speak before the item you would like to speak on has been called by the Mayor and then you must be present in the Zoom conference to be recognized. Please visit <https://malibucity.org/VirtualMeeting> and follow the directions for signing up to speak and downloading the Zoom application.

Items in Consent Calendar Section A have already been considered by the Commission at a previous meeting where the public was invited to comment, after which a decision was made. These items are not subject to public discussion at this meeting because the vote taken at the previous meeting was final. Resolutions concerning decisions made at previous meetings

are for the purpose of memorializing the decision to assure the accuracy of the findings, the prior vote, and any conditions imposed.

Items in Consent Calendar Section B have not been discussed previously by the Commission. If discussion is desired, an item may be removed from the Consent Calendar for individual consideration. Commissioners may indicate a negative or abstaining vote on any individual item by so declaring prior to the vote on the motion to adopt the entire Consent Calendar. Items excluded from the Consent Calendar will be taken up by the Commission following the action on the Consent Calendar. The Commission first will take up the items for which public speaker requests have been submitted. Public speakers shall follow the rules as set forth under Oral Communication.

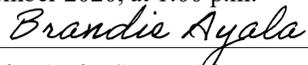

Old Business items have appeared on previous agendas but have either been continued or tabled to this meeting with no final action having been taken. Public comment shall follow the rules as set forth under Oral Communication.

Items in New Business are items which are appearing for the first time for formal action. Public comment shall follow the rules as set forth under Oral Communication.

Copies of the staff reports or other written documentation relating to each item of business described above are on file in the office of the Public Works Department, and available upon request by emailing bayala@malibucity.org.

The City Hall phone number is (310) 456-2489. To contact City Hall using a telecommunication device for the deaf (TDD), please call (800) 735-2929 and a California Relay Service operator will assist you. In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact Yolanda Bundy, Environmental Sustainability Director, at (310) 456-2489, ext. 229. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. [28 CFR 35.102-35.104 ADD Title II].

I hereby certify under penalty of perjury, under the laws of the State of California, that the foregoing agenda was posted in accordance with the applicable legal requirements. Dated this 6th day of November 2020, at 1:00 p.m.

Brandie Ayala, Senior Administrative Assistant

Public Works Commission Agenda Report

Public Works
Commission Meeting
11-12-20

**Item
2.B.1.**

To: Chair Merrick and Members of the Public Works Commission

Prepared by: Brandie Ayala, Senior Administrative Assistant

Approved by: Robert DuBoux, Public Works Director/City Engineer

Date prepared: November 6, 2020 Meeting date: November 12, 2020

Subject: Approval of Minutes –October 8, 2020

RECOMMENDED ACTION: Approve minutes of the Public Works Commission Special meeting October 8, 2020.

DISCUSSION: Staff has prepared draft minutes for the Public Works Commission special meeting of October 8, 2020 and hereby submits the minutes for Commission approval.

ATTACHMENTS:

1. Draft Minutes of October 8, 2020 Public Works Commission Special Meeting

MINUTES
MALIBU PUBLIC WORKS COMMISSION
SPECIAL MEETING
OCTOBER 8, 2020
TELECONFERENCED - VARIOUS LOCATIONS
3:30 P.M.

The following meeting was held pursuant to the Governor's Executive Orders N-25-20 and N-29-20 and fully teleconferenced from various locations during the coronavirus disease (COVID-19) pandemic.

CALL TO ORDER

Chair Merrick called the meeting to order at 3:35 p.m.

ROLL CALL

The following persons were recorded in attendance by the Recording Secretary:

PRESENT: Chair Brian Merrick; Vice Chair Lance Simmens; and Commissioners Scott Dittrich, Paul Grisanti, James Palmer (arrived at 3:48 p.m.)

ALSO PRESENT: Rob DuBoux, Public Works Director; Adam Chase, Assistant Public Works Director; Travis Hart, Public Works Superintendent; Mary Linden, Executive Assistant; and Brandie Ayala, Senior Administrative Assistant

APPROVAL OF AGENDA

MOTION Vice Chair Simmens moved and Commissioner Dittrich seconded a motion to approve the agenda. The question was called and the motion carried 4-0, Commissioner Palmer absent.

REPORT ON POSTING OF AGENDA

Senior Administrative Assistant Ayala reported that the agenda for the meeting was properly posted on October 2, 2020.

ITEM 1.A. PUBLIC COMMENTS

None.

ITEM 1.B. STAFF UPDATES

Assistant Public Works Director Chase discussed the Civic Center Water Treatment Facility (CCWTF) Phase Two community meeting. He stated the presentation was available on the City website. He announced another meeting would be scheduled in December with the new Assessment Engineer in attendance. He stated staff was working with Los Angeles County Waterworks District 29 (District 29) on

upcoming projects. He stated District 29 would provide a presentation at a future Public Works Commission meeting. He discussed the status of the Big Rock Landslide Assessment District (AD). He discussed a meeting with Big Rock property owners on Tuesday evening. He stated the presentation from that meeting was posted on the Big Rock AD page on the City website. He stated the AD was scheduled to be considered at the October 12, 2020 City Council meeting.

In response to Commissioner Dittrich, Public Works Director DuBoux stated the Council would receive an update on the consultant's findings at Big Rock. He stated the consultant inventoried equipment and would conduct a further assessment to determine what was needed. He stated the 23 dewatering wells were all functioning as designed. He stated water discharge was comparable to the 1990's. He discussed the claim that Big Rock uses an extensive amount of imported water. He stated the City meter shows very good conservation over the past four to five years and the water intake was actually at the same rate as in the early 1980s. He discussed recommendations to get started, including an increased budget for capital projects, monitoring and a contingency fund. He stated the current budget included only \$100,000 for capital improvements, such as wells to be drilled deeper or new wells, which would cost \$250,000 to \$300,000. He stated recommendations included increasing assessments for one year to cover major improvement items. He stated City staff were meeting with property owners tomorrow to refine recommendations to be presented to Council for direction.

Commissioner Palmer arrived at 3:48 p.m.

In response to Commissioner Grisanti, Public Works Director DuBoux stated discussion with the property owners would provide direction for the AD.

Commissioner Dittrich asked how they could continue or expand the AD given restrictions from Proposition 22. Public Works Director DuBoux stated increasing the scope of work would require a new AD.

In response to Vice Chair Simmens, Public Works Director DuBoux stated he had talked to some property owners regarding the ramifications of the proposed recommendations. He stated it would be clearer after tomorrow's meeting with property owners and direction from the City Council on October 12.

Public Works Superintendent Hart discussed recent work conducted by the City's maintenance crews, including storm drain cleaning prior to the rainy season and upcoming striping work in various locations throughout the City. He stated Caltrans worked this week to repair lanes on Pacific Coast Highway (PCH) at Cross Creek Road and at Trancas Canyon Road.

ITEM 1.C. COMMISSIONER COMMENTS

Vice Chair Simmens stated he received complaints about the condition of sidewalks, some retaining walls, and graffiti along PCH. In response to Vice Chair Simmens, Public Works Superintendent Hart stated it would either be the responsibility of Caltrans or the private property owners. Public Works Director DuBoux stated he has contacted Caltrans requesting that it increase its response to trash cleanup requests.

Vice Chair Simmens asked about response to graffiti or broken sidewalks. Public Works Superintendent Hart requested locations of the issues be communicated to Public Works staff so photos could be taken and sent to Caltrans for repair.

Commissioner Palmer stated he had been trying for a few months to open up City property for parking. He stated he was advised it was a public safety issue, which should be discussed by the Public Safety Commission. He stated he hoped the Public Safety Commission would move the issue forward to provide parking for residents on the weekends.

Public Works Director DuBoux stated use of City-owned property was currently at the Council level. He stated Council had yet to determine the usage of vacant City parcels purchased in recent years. In response to Commissioner Palmer, Public Works Director DuBoux stated off-site parking (not in the City's right of way) was not on the Public Works Commission assignments list.

Commissioner Palmer stated the City was supposed to serve the residents who do not have somewhere to park on weekends, particularly at the weekly farmers market.

Commissioner Grisanti stated he was also receiving feedback from residents on Carbon Beach who cannot find parking. He asked if park and ride funds could be considered for a structure. He stated the former Chili Cook-Off site was not zoned for parking. He discussed drainage from construction of a new home being built above Drain 17 on Malibu Road resulting in live weather discharges. He stated the property owner was not addressing problems after being noticed by the City. Public Works Director DuBoux stated Code Enforcement and the Building Department were taking the lead on dealing with that property owner.

Commissioner Dittrich asked if the right turn lane on westbound PCH onto Webb Way could be extended longer to avoid collisions from motorists using the parking lane to access the right turn lane. He discussed changes in local Caltrans leadership. He asked if the County Supervisor could assist with moving City issues through

more quickly. Public Works Director DuBoux stated a new Caltrans Deputy Director was recently assigned to work with the City.

Commissioner Dittrich agreed with Commissioner Palmer about requesting the Council allow the former Chili Cook-Off site to be permitted for parking. Public Works Director DuBoux discussed plans for a park and ride location on another City parcel.

Commissioner Grisanti discussed double-trailer trucks on PCH. Public Works Director DuBoux stated large trucks were being used for removing dirt from the Civic Center Way project.

Chair Merrick discussed the need for new painted striping on Heathercliff Road between Dume Drive and Wandermere. He stated grocery store workers were parking on Heathercliff and, without visible lines, motorists were drifting over and approaching oncoming traffic. Public Works Superintendent Hart confirmed it was a location on the list for the upcoming striping work.

ITEM 2 CONSENT CALENDAR

MOTION Commissioner Grisanti moved and Commissioner Dittrich seconded a motion to approve the Consent Calendar. The question was called and the motion carried unanimously.

The Consent Calendar consisted of the following items:

- A. Previously Discussed Items
None.
- B. New Items
 - 1. Approval of Minutes – September 10, 2020
Staff recommendation: Approve minutes of the Public Works Commission Special meeting of September 10, 2020.

ITEM 3 OLD BUSINESS

None.

ITEM 4 NEW BUSINESS

- A. Capital Improvement Projects and Disaster Recovery Projects Status Report
Recommended Action: Receive and file report on the status of the City's current and upcoming Capital Improvements Projects and Disaster Recovery Projects.

Assistant Public Works Director Chase presented the report.

In response to Chair Merrick, Assistant Public Works Director Chase stated he would report back about how many additional parking spaces would be provided by the Westward Beach Road Improvements Project. Chair Merrick asked about differences between head-in versus angled parking. Assistant Public Works Director Chase stated 45-degree angles were the ideal angle for parking without impeding the sightlines and blocking through traffic when entering or exiting the stall. He restated the next CCWTF meeting in December would include the new Assessment Engineer's report. He stated bidding on the Malibu Park Drainage Improvements Project was expected to start this month.

Public Works Superintendent Hart provided an update on construction projects. He stated grading continued on the Civic Center Way Improvements Project Phase 1. He stated the contractor was currently prepping to begin drilling for the retaining wall and excavation for the storm drain infrastructure within Phase 1.

In response to Commissioner Palmer, Public Works Superintendent Hart stated the plan was for traffic lanes on Civic Center Way to be opened by December 2020.

- B. City of Malibu Trash Receptacles, Including Receptacles Located on Pacific Coast Highway (PCH) near Zuma Beach
Recommended Action: Receive and file report on the status of the Pacific Coast Highway (PCH) Signal Synchronization Project.

Public Works Superintendent Hart provided a presentation on the City's efforts to manage trash receptacles located throughout the City. He stated maintenance was provided weekly by Waste Management for the Metro bus stop locations. The City maintenance crews also maintain all City owned receptacles including the bus stop units on a weekly basis or as needed. He stated it depends on the season and the demand. He stated the City also assisted other receptacle owners such as MRCA, LA County Beaches and Harbors with maintaining its receptacles. He described locations where either receptacles were already located or could potentially be moved along PCH within the Zuma Beach area.

In response to Vice Chair Simmens, Public Works Superintendent Hart stated there were no receptacles maintained by the City at El Matador Beach.

Chair Merrick asked if there were plans to increase the number of receptacles. Public Works Superintendent Hart stated the Environmental Programs Division of the Environmental Sustainability Department (ESD) managed receptacles. He stated he would check with them and report back. Chair Merrick stated it would improve the City if more were added, particularly at El Matador, since State Parks was not managing it. He agreed with moving receptacles from no-parking areas to locations where the public parked. Public Works Superintendent Hart stated he

would discuss with State Parks and Los Angeles County Beaches and Harbors regarding potential changes or funding for the City.

In response to Commissioner Palmer, Public Works Superintendent Hart stated Waste Management serviced only receptacles at bus stops and City maintenance crews collected from all other locations including bus stops if needed.

In response to Vice Chair Simmens, Public Works Superintendent Hart stated receptacles included separate regular trash and recyclable bins.

Commissioner Dittrich asked if recyclables were separated from trash during normal household and commercial weekly services. He stated the City should address the issues, even if it was another agency's responsibility. He suggested bringing back as an agenda item, so the Commission could make a recommendation to the City Council. Public Works Superintendent Hart stated this is not part of the original item and could not comment on this matter since the Environmental Programs Division of the Environmental Sustainability Department (ESD) manages waste services.

ADJOURNMENT

MOTION At 4:46 p.m., Commissioner Dittrich moved and Commissioner Grisanti seconded a motion to adjourn. The motion carried unanimously.

Approved and adopted by the Public Works Commission of the City of Malibu on _____.

BRIAN MERRICK, Chair

ATTEST:

BRANDIE AYALA, Senior Administrative Assistant

Public Works Commission Agenda Report

Public Works
Commission Meeting
11-12-20

Item 4.A.

To: Chair Merrick and Members of the Public Works Commission

Prepared by: Adam Chase, Assistant Public Works Director/City Engineer

Approved By: Robert DuBoux, Public Works Director/City Engineer

Date prepared: November 5, 2020 Meeting date: November 12, 2020

Subject: Capital Improvement Projects and Disaster Recovery Projects Status Report

RECOMMENDED ACTION: Receive and file report on the status of the City's current and upcoming Capital Improvements Projects and Disaster Recovery Projects.

DISCUSSION: Staff will provide a status update on the following active projects in the Fiscal Year 2020-2021 Capital Improvement Program:

Capital Improvement Projects (Design)

- Marie Canyon Green Streets
 - Monthly Updates:
 - Funding waiting Measure W appropriation.
- PCH Median Improvements Project
 - Monthly Updates:
 - 95% design package underway.
 - Project Schedule:
 - Complete Design: February 2021
 - Begin Construction: Fall 2021
- PCH Signal Synchronization
 - Monthly Updates:
 - 65% design package to be submitted to Caltrans in November 2020.
 - Project Schedule:
 - Complete Final Design: May 2021
 - Advertise: July 2021
 - Award Contract and Begin Construction: September 2021

- Civic Center Stormwater Diversion Structure
 - Monthly Updates:
 - Los Angeles County Flood Control maintenance agreement is pending both City and County approvals.
 - Project Schedule:
 - Complete Design: Awaiting maintenance agreement.
 - Begin Construction: 2021
- Westward Beach Road Improvements Project
 - Monthly Updates:
 - City in process of obtaining right of entry and memorandum of understanding or easement with Los Angeles County Beaches and Harbors. Funding agreement will be presented to the City Council on November 23rd for the construction phase.
 - Project Schedule:
 - Complete Design: Completed
 - Begin Construction: Pending approval of documents
- Civic Center Wastewater Treatment Facility Phase 2
 - Monthly Updates:
 - Hired Assessment Engineer for Phase 2.
 - Individual community meetings occurred before Covid-19.
 - Past Presentations are posted here on the City's website under Stakeholders Section:
 - <https://www.malibucity.org/ccwtf>
 - Tasks underway:
 - Design:
 - Project Design 65% plans to be submitted December 2020.
 - Project Schedule:
 - Next Live Stream Community Meeting: December 2020 TBD.
 - Complete Design: December 2021
 - Community Meetings are still being held with Zoom video conferencing software.
 - Begin Construction: March 2022
 - Milestones achieved:
 - Draft Project Design Report May 2020, 30% Plans for Pipeline Construction / 50% Plans for Treatment Facility.

Disaster updates

The City continues to work with FEMA and CalOES towards the completion of each project. At this time, all projects have been obligated.

Disaster Projects

After the Woolsey Fire was extinguished, the City also suffered from unprecedented rainfall from December through February 2019. The City has identified fifteen repair projects within the City's 2019-2024 Five Year Capital Improvements Program (CIP). The City was eligible to apply for various funding sources through the California Governor's Office of Emergency Services (CalOES) and the Federal Government (FEMA). The City has been working with FEMA and CalOES representatives to apply for and receive federal disaster aid. In addition to direct relief for emergency response and damaged infrastructure, CalOES and FEMA provide funding for potential hazard mitigation projects.

The following is a summary of Disaster Recovery Capital Improvement Projects:

- Broad Beach Road Water Quality Infrastructure Repairs (CalOES Project)
 - The City owns several hundred feet (+800') of water quality permeable pavers, landscaping, and underground bio-filtration devices located on Broad Beach Road. Several sites (#1 Filterra Unit across from 31322, #2 Filterra Unit across from 31302 & #8 Street Pavers across from 30860) were damaged by silts, mud, and debris during the 2019 storm events. This project consists of repairing the permeable pavers, replacement of media material in the bio-filters and replacing damaged landscaping. The City will manage the design, permitting, bidding, and construction phase of the project.
 - Status: Staff efforts to create construction bidding documents are currently under way.
- Latigo Canyon Road Roadway/Retaining Wall Improvements (FEMA/CalOES Project)
 - This project consists of repairing the roadway and the three existing timber retaining walls on Latigo Canyon Road that were damaged from the Woolsey Fire. The City will manage the design, permitting, bidding, and construction phase of the project.
 - Status: Structural Engineering recommendations have been completed, City is incorporating into the project.
- Trancas Canyon Park Planting and Irrigation Repairs (FEMA/CalOES Project)
 - This project consists of repairing the damaged planting and irrigation system that was destroyed by the Woolsey Fire. The project also includes the repair of the septic system in Trancas Canyon Park. The City will manage the design, permitting, bidding, and construction phase of the project.
 - Status: Staff efforts to create construction bidding documents are currently under way.
- Trancas Canyon Park Slope Stabilization Project (CalOES Project)
 - The project consists of repairing the existing slope east of Trancas Canyon Park. The Woolsey Fire damaged the slope causing stability issues from soil

and rock erosion and damaged concrete benching. The City will manage the design, permitting, bidding, and construction phase of the project.

- Status: Staff efforts to create construction bidding documents are currently under way.

Future Projects, exact date to be determined, 2020-2021

- Encinal Canyon Road Drainage and Erosion Improvements
- Latigo Canyon Road Drainage and Erosion Improvements
- Corral Canyon Road Roadway/Retaining Wall Improvements
- Additional Disaster Projects as deemed necessary by the City

Construction

- Malibu Park Drainage Improvements
 - Project is out to bid with a due date of November 19, 2020.
 - Begin Construction: January/February 2021
- City Hall Roof Replacement
 - Project is out to bid with a due date of November 18, 2020.
 - Begin Construction: January/February 2021
- Storm Drain Trash Screens City Hall Roof Replacement
 - This project has begun construction phase of the project. Anticipate approximately 4 weeks to complete installations with a start date in November 2020.
- Bluffs Park Workout Station
 - This project has begun the construction phase of the project. Anticipate a start date in November 2020.
- Civic Center Way Improvements
 - This project will improve the horizontal and vertical sight distance, create additional space for motorists, pedestrians, bicyclist, and transit to travel along Civic Center Way between Malibu Canyon Road and Webb Way. On August 10, City Council awarded the construction contract to GMZ Engineering, Inc. The contractor has mobilized and started surveying, saw cutting, demolition and clearing and grubbing within phase 1 of the project. The contractor has also implemented the traffic control for phase 1 which includes the street closure on Civic Center Way between Vista Pacifica and the private driveway of 23901 Civic Center Way (Condos driveway). The closure will be in place between September 21 to December (weather permitting). During this time and if necessary, the closure will include access for emergency vehicles to utilize the street during emergency situations. The closure will also not prevent access to any adjacent side streets or private driveways. Additionally, the contractor will not be working during red flag warnings. Construction improvements for Phase 1 have been concluded. Phase 1 improvements consisted of the installation of new curb and gutter, clearing and grubbing, grading and demolition of the existing road, excavation, utility coordination with Southern California Edison and Los

Angeles County Waterworks District 29, and ordering retaining wall and protective coating material critical to Phase 2. Phase 2 work will include the installation and preparation of the retaining wall piles, precast paneling, pile painting, new storm drain systems, additional curb and gutter, and water line and fire hydrant improvements.

- Project Schedule:
 - Duration: August 2020 through March 2021
 - Work Hours: Monday through Friday 7:00AM to 4:00PM, some Saturdays 7:00AM to 4:00PM
 - Traffic Control: Alternating lane closures and partial street closures will be implemented during construction operations. Including temporarily closing Civic Center Way for approximately two months. During the closure public access will be maintained to all nearby streets and private driveways. Traffic control measures will include temporary signage, barricades, cones and flaggers.
- Electric Vehicle Chargers Upgrade
 - Monthly Updates:
 - “Rip and Replace” program and expansion within the Civic Center Way corridor coordination on timeline/schedule with ChargePoint to be determined in November 2020.
- Guardrail Replacement Citywide (FEMA/CalOES Project)
 - Monthly Updates:
 - Funding has been obligated.
 - Contractor: Alcorn Fence Company.
 - Locations: Encinal Canyon (between Avenida Del Mar to Avenida De La Encinal), Birdview Avenue (between Westward Beach Road to Bluewater Road), Wildlife Road (between Zumirez Drive to Selfridge Street), Latigo Canyon (between PCH to Ocean View Drive) and Corral Canyon (PCH to Seabreeze Drive).
 - Schedule: Revised September 2019 to End of October 2020.
 - Work Hours: Monday through Friday 6:00am to 3:00pm.
 - Traffic Control: Alternating lane closures in both directions using flaggers and other traffic control devices.
