She discussed Letters of Agency and stated a spreadsheet was being formulated to watch for expiration dates.

Task Force Member Dittrich asked about the attitudes of homeless individuals removed from encampments. Public Safety Manager Susan Duenas stated they were all cooperative.

Task Force Member Frost discussed health contaminants left in the cleared area.

ITEM 3 OLD BUSINESS

- A. Legal Analysis Ad Hoc Committee (continued from October 19, 2021)
Recommended Action: 1) Receive the initial report from the Legal Analysis Ad Hoc Committee; and 2) Provide feedback and additional assignments, if appropriate.

Task Force Member Cohen presented the report. He stated other homelessness task forces across the country were considered when preparing the ad hoc committee's report. He discussed the purpose of the overview of Martin v. Boise.

Task Force Member Dittrich commended the ad hoc committee on a job well done.

Vice Chair Winokur thanked the ad hoc committee. He discussed different statements referring to the number of beds and others referring to available beds. He stated that could become an important point moving forward.

Task Force Member Paul Davis stated *Martin v. Boise* included a statement saying that a jurisdiction could not enforce camping laws unless there were available beds in that jurisdiction.

Task Force Member Cohen Stated the summary was a very brief but high-level overview of the decision in this case.

In response to Task Force Member Benton, Task Force Member Cohen stated there did not appear to be any patterns in interpretations of the decision. He stated the United States Supreme Court had not yet considered the case.

MOTION Task Force Member Dittrich moved and Task Force Member Frost seconded a motion to continue Item No. 5.A. to a future meeting. The question was called, and the motion carried unanimously.

She suggested the item be brought back at a future meeting after everyone had a chance to review the report. She stated four of the five ad hoc committee members agreed with what was included in the report.

Public Safety Manager Susan Duenas suggested dissenting opinions be included in the report to make it more representative of the full committee.

Task Force Member Sampson commended the committee members for their hard work. He stated he was not opposed to continuing the item.

Task Force Member Dittrich stated it should be obvious that no Task Force or ad hoc committee reports represented the City until the City Council took action. He agreed with including dissenting opinions in reports.

Chair Roven agreed all opinions should be included in committee reports.

Vice Chair Winokur stated different opinions should be included for consideration. He expressed support for continuing the item and providing all opinions.

In response to Task Force Member Dittrich, Public Safety Manager Susan Duenas stated the disclaimer was specifically suggested by the City Attorney's office. She discussed time needed to review the reports prior to them being presented.

Vice Chair Winokur suggested the report be shelved to a date uncertain.

CONSENSUS

By consensus, the Task Force continued the item to a future meeting.

B. Current Enforcement Efforts by the Los Angeles County Sheriff's Department (LASD)

Recommended Action: Receive and file a report regarding current efforts by the Los Angeles County Sheriff's Department (LASD) to enforce City initiatives related to homelessness.

Public Safety Manager Duenas invited Lieutenant Braden to present the report.

Vice Chair Winokur thanked Lieutenant Braden for the time he spent on his actual job while taking time to field phone calls from members of the Task Force, the public, and City staff.

Lieutenant Braden provided an update on the homelessness problems in Malibu. He suggested the Task Force Members visit other cities to see what was working and what was not successful. He stated the overall goal for the City was to mitigate quality of life issues that arose from people living on the streets in Malibu. He discussed City actions that proactively helped the situation, including providing additional funding for patrols. He discussed the County's ordinance restricting camping in the Santa Monica Mountains. He stated deputies must follow protocols established by the Sheriff. He stated deputies enforced sections of the camping ordinance, such as no camping within 200 feet of a house or 1,500 feet from a school, and no sleeping on the beaches.

Task Force Member Paul Davis thanked Lieutenant Braden. He discussed a conversation he, Lieutenant Braden and Task Force Member Cohen had about enforcement without a shelter.

In response to Task Force Member Benton, Lieutenant Braden suggested visiting other communities, such as Redondo Beach, to see what could be effective, and review other services contracted by the City, including The People Concern.

Task Force Member Pessis thanked the Sheriff's Department for everything they do. She asked about the effect of having limited hours for when individuals could erect a shelter or limiting what people could have and carry.

Lieutenant Braden stated some limitations were included in the most recent no camping ordinance. In response to Task Force Member Pessis, Lieutenant Braden stated 911 was a hotline for the public to report locations to be investigated.

Vice Chair Winokur stated the requirement was for reasonable access to local beds but not necessarily within the City.

Lieutenant Braden stated the City of Calabasas helped fund a shelter outside the City of Calabasas and provided transportation to that shelter.

Public Safety Manager Duenas stated the City had pursued locally available beds but was advised beds could not be held for Malibu. She stated John Maceri from The People Concern advised her that the COVID-19 pandemic made it more difficult because of reduced capacity.

In response to Task Force Member Dittrich, Lieutenant Braden stated the question of whether providing a location for the homeless to pitch a tent qualified as providing shelter or if the City would have to provide the tent to qualify should be directed to the City Attorney.

Public Safety Manager Duenas stated that type of arrangement was known as a Managed Encampment and was offered by the City of San Clemente. She stated more research into what other cities were doing was necessary before discussing this type of option.

Task Force Member Dittrich asked about the cost of having a deputy onsite if an Alternative Sleeping Location (ASL) was built. Lieutenant Braden stated security companies that were paid mostly with tax funds provided security at shelters, not a policing agency.

Public Safety Manager Duenas discussed the screening process as people came in for the night. She stated weapons were not allowed in shelters.

Task Force Member Sampson suggested shelters include bivouac sacs or a sleeping bag with a tarp over it.

Task Force Member Frost stated the point was to allow law enforcement to do its job properly and provide a safe environment for everybody. He suggested Task Force Members who had not visited the Laguna Beach ASL do so to see what was working there. He stated several cities in California, such as Santa Rosa, had organized tent encampments.

Task Force Member Paul Davis stated there needed to be an option either in Malibu or reasonably close.

Lieutenant Braden suggested asking the City Attorney for clarification of the geographic proximity of “reasonably close.”

Task Force Member Cohen thanked Lieutenant Braden for his good work. He asked who made policy decisions regarding enforcement. Lieutenant Braden stated the Lost Hills Station took direction from the Sheriff.

Task Force Member Frost discussed why some individuals preferred to live on the streets in Malibu rather than in a shelter. He discussed the need for transportation to available beds. Lieutenant Braden agreed that transportation was an important piece for enforcement.

C. Future Agenda Items

Recommended Action: Review items tentatively scheduled for upcoming meeting agendas and provide feedback to staff.

Public Safety Manager Dueñas presented the report. She stated it was important that the Task Force stayed focused on its assignments from the City Council. She reviewed the Charter and made suggestions about priorities. She stated it could be valuable for Task Force Members to visit other jurisdictions.

Task Force Member Cohen suggested the Legal Analysis Ad Hoc Committee look at the potential use of a declaratory action.

Public Safety Manager Dueñas discussed limitations of the Task Force with regard to legal analysis or advice.

Task Force Member Cohen stated discussions of a potential ASL had to include discussion of *Martin v. Boise*. He suggested requesting an opinion on *Martin v. Boise* from the City Attorney’s office.

Chair Roven agreed that the Task Force could request an opinion about *Martin v. Boise* from the City Attorney if necessary for discussions about a potential ASL.

Task Force Member Cohen expressed disagreement that the City Attorney was the only one who could provide legal advice to this Task Force.

Task Force Member Dittrich stated he objected to the Assistant City Attorney’s intrusion in this Task Force. He stated the Task Force was tasked with independently coming up with a recommendation for the City Council.

Task Force Member Sampson requested the City Council's Charter for the Task Force be emailed to all members. He stated he would prefer to hear from the Assistant City Attorney directly.

Task Force Member Dittrich suggested postponing the ASL Ad Hoc Committee report to January. He requested Public Safety Manager Dueñas organize some offsite visits.

Task Force Member Pessis and Task Force Member Terry Davis agreed with Task Force Member Dittrich.

Task Force Member Terry Davis stated it would be beneficial to visit Redondo Beach and Laguna Beach and postpone the ASL discussion to January.

Task Force Member Frost agreed with Task Force Member Terry Davis about the value of visiting Redondo Beach and Laguna Beach and postponing the ASL report to January. He suggested any visits include conversations with the visited city's City Manager, Mayor, and Police Chief for a better understanding of how it was enforced, who enforced it, and problems those cities encountered.

ADJOURNMENT

MOTION At 4:22 p.m., Chair Roven adjourned the meeting.

Approved and adopted by the Homelessness Task Force of the City of Malibu on _____.

Homelessness Task Force Agenda Report

To: Chair Roven and Members of the Homelessness Task Force

Prepared by: Susan Dueñas, Public Safety Manager
Luis Flores, Public Safety Liaison

Approved by: Steve McClary, Interim City Manager

Date prepared: December 13, 2021 Meeting date: December 21, 2021

Subject: Draft Homelessness Strategic Plan Review

RECOMMENDED ACTION: 1) Review the Goals of the Draft Homelessness Strategic Plan and make recommendations for edits, if appropriate; and 2) Review the Supporting Actions of Goal 1 and make recommendations for edits, if appropriate.

TASK FORCE ASSIGNMENT: Review the draft updated Goals and Objectives of the Homelessness Strategic Plan.

DISCUSSION: In 2017, the City was awarded a \$50,000 grant through Los Angeles County Measure H to develop a Strategic Plan for Homelessness (Plan). A consultant was hired to lead the effort and a community advisory group was established that included representatives from the Malibu Task Force on Homelessness, The People Concern, the City's Public Safety Commission, the faith community, Community Assistance and Resource Team (CART), the County Library, and the general community.

Based on the strategic planning process and results of a community survey, a plan was developed that strived to balance public safety with the needs of the homeless community. The goal of the Plan is to improve the effective use of existing resources, identify new strategies and resources, and align with the County's Homeless Initiative.

The Plan was adopted by the City Council on June 25, 2018. In early 2021, the Goals and Supporting Actions of the Plan were updated by the Homelessness Working Group to

better reflect current conditions and priorities (Attached). The updates have not yet been reviewed and approved by the City Council.

The Homelessness Strategic Plan includes seven Goals to be completed in partnership with public and private stakeholders, including Los Angeles County Supervisor Sheila Kuehl's office, The People Concern, Pepperdine University, Las Virgenes-Malibu Council of Governments (COG), Malibu Chamber of Commerce, Los Angeles County Sheriff's Department, and more.

The draft Goals are as follows:

- 1) Reduce the number of people experiencing homelessness in Malibu by providing access to temporary and permanent housing solutions within Los Angeles County.
- 2) Prevent and mitigate any public health and public safety impacts on the community stemming from homelessness.
- 3) Implement programs to prevent homelessness among residents of Malibu.
- 4) Provide coordinated outreach and supportive services to homeless individuals and families that promote self-sufficiency and personal stability.
- 5) Increase community awareness of the Malibu homeless initiative, its progress, and successes.
- 6) Advocate for systemic change at the county, state, and federal levels that will strengthen efforts to prevent and reduce homelessness.
- 7) Develop governance infrastructure to facilitate collaboration, provide oversight, and support implementation of the homelessness strategic plan.

Each Goal includes multiple Supporting Actions that indicate the intended partners, lead organization, resources required, and a timeline to ensure that they are efficient and effective as potential solutions.

The Supporting Actions of Goal 1 include short-term and long-term measures needed to achieve its intended purpose and are as follows:

- 1) Encourage landlords to accept housing and rental subsidies for the homeless
- 2) Establish a flexible spending account funded by donations and City grants to fund rapid rehousing and provide resources for homeless individuals who may not qualify for Measure H eligibility

- 3) Explore the development of a new building or the conversion of an existing building to be a bridge/alternative sleeping location
- 4) Explore the creation of affordable housing for Malibu residents and people who work in Malibu

The public-private partnership-led nature of the Plan reflects a collective effort dedicated to providing a comprehensive approach that meets the growing needs of the homeless community. As the dynamics of homelessness continue to change and the updated Plan awaits review and approval by the City Council, the Goals and Supporting Actions of the Plan are to be updated, as appropriate, to ensure resources are being maximized in the most effective way possible.

Staff recommends that the Task Force review the draft Goals and the Supporting Actions of Goal 1 and provide edits, deletions, and additions as needed.
