

Council Agenda Report

To: Mayor Wagner and the Honorable Members of the City Council

Prepared by: Robert DuBoux, Public Works Director/ City Engineer

Approved by: Reva Feldman, City Manager

Date prepared: March 7, 2019 Meeting date: March 25, 2019

Subject: Civic Center Way Improvements Project Update

RECOMMENDED ACTION: Receive and file an update on the Civic Center Way Improvements project.

FISCAL IMPACT: There is no fiscal impact associated with the recommended action.

DISCUSSION: The Civic Center Way Improvements project consists of improving the curvature of the roadway, installing a pedestrian walkway, a new bike facility, and landscaping on Civic Center Way from Malibu Canyon Road to Webb Way. These improvements will provide for all modes of travel and connect several major activity centers in the Malibu Civic Center area including: Malibu Bluffs Park, Pepperdine University, Malibu City Hall, Malibu Library and the planned Santa Monica College satellite campus.

The installation of a walkway and bike facility will separate pedestrians and cyclists from the flow of traffic and improve safety for all modes of travel. Together these improvements would serve to improve traffic flow and promote active transportation.

The project is scheduled for bidding in April and construction is anticipated in summer 2019. During construction of the solar panel carport structures, staff parking will be temporarily relocated.
