Portfolio Summary Total	**$90,395,166**	**100.0%**

This report may contain internal non-performance assets as well as holdings not held at our firm. Information associated with these external positions were provided by you. The information provided for assets not held at our firm has not been verified. The actual value of these assets may differ from that shown.
Your current portfolio allocation may classify assets based on the underlying holdings of funds, ETFs, UITs and annuity sub-accounts. For assets in alternative and real asset investment strategies and where underlying holdings are not available for classification, the asset class assigned to that security is used. The Cash Alternatives asset class may include cash alternatives or other securities, such as futures settlements, synthetic securities, or securities in the form of a trust. Underlying classification data is updated periodically, and the update frequency will vary.

The asset classification of Corporate Bonds includes holdings of Certificates of Deposit. Funds include open end mutual funds, exchange-traded funds, closed end funds. Estimated Income Annualized

(EIA) takes your current income, based on the current dividends or interest paid by your securities and multiplies it to create an annualized hypothetical figure. It does not reflect actual or future performance and should not be relied upon when making financial decisions. All annualizations are based upon current positions using a simple mathematical calculation and assumes all figures remain constant for a year; any subsequent position changes will affect these calculations. Calculations for certain types of securities could include a return of principal or capital gain, in which case the figures would be overstated. Past performance is not a guarantee of future results. Dividend payments are made solely at the discretion of the issuer and are subject to be changed or eliminated at any time. Estimated Income is an estimate and the actual income might be lower or higher than the estimated amount. Estimated income reflects only the income generated by an investment. It does not reflect changes in price, which may fluctuate. The Credit Quality Rating shown takes the lower of the two credit agency ratings between Moody's and Standard & Poor's and converts it to the equivalent S&P major rating category. Credit Quality Ratings and Bond Statistics sections do not include bond funds. Bond Statistics are weighted averages based on market value of bonds in the portfolio. Yield calculations are based on yield prices that may change monthly. Fixed income holdings, where the information is not available, are excluded from the Yield at Purchase, Yield to worst, Yield to maturity, Total duration, Weighted average coupon and Weighted average maturity calculations. For more information, including fixed income descriptions, please see the Important Information section at the end of this report.

Bond Term vs. Duration

Bond: 100% of bonds with short bond terms (0 to <5 yrs), 0% of bonds with intermediate bond terms (5 to <10 yrs), 0% of bonds with long bond terms (10+ yrs), 0% of bonds with a N/A bond terms.

Duration: 100% of bonds with short bond terms (0 to <5 yrs), 0% of bonds with intermediate bond terms (5 to <10 yrs), 0% of bonds with long bond terms (10+ yrs), 1% of bonds with a N/A bond terms.

Total portfolio value: $90,395,166

Bond term indicates years to redemption date as defined in the Important Information section. Mortgage-backed securities (MBSs) include asset-backed securities (ABSs), pass-throughs and collateralized mortgage obligations (CMOs). For MBSs, the full market value is displayed at the average life of each security, when available. Duration indicates calculated option adjusted duration. 'Bonds' include preferred stocks.

In the Callable Analysis chart, MBS includes all prepaying securities. Callable value applies next call price and date to the remaining principal. Call premiums may decline subsequent to the initial call date. Extraordinary call features may exist that are not represented in this report. Bond Term vs. Duration and Callable Analysis sections do not include bond funds. For more information, including fixed income descriptions, please see the Important Information section at the end of this report.

**Indicates that this holding is insured by a credit agency but the specific insurer is unknown.
Rem Prin - Remaining Principal is the amount of principal which, as of a given date, has not yet been paid on a fixed income security (original face value multiplied by the factor).
Factor represents the portion of principal remaining on a security subject to principal prepayments (such as a mortgage-backed security). A factor of .87654321 on an original face of $100,000 would indicate that $87,654.32 in principal remained.
Enhance - Indicates that there is a form of credit enhancement such as collateralization or bond insurance which may vary in credit quality. The ratings displayed are the higher of the credit rating of the bond insurer or of the underlying credit of the issuer. Acronyms indicate insurance or type of collateral. Please see the Important Information section at the end of this report.
CDs are subject to insurance limits through FDIC.
The coupon rate is the interest rate stated on a bond, note or other fixed income security, expressed as a percentage of the principal. Adjustable rate coupon securities will be shown at the current coupon rate if known; actual coupon rates may vary. There is no assurance that coupons will be paid. Past Performance is not a guarantee of future results. Range Notes will carry a coupon of 0%.
Coupon Types: Adj (Adjustable rate), Fixed (Fixed rate), Step (Step up or down), Struct (Structured Product Securities), Zero (Zero Coupon), PIK (Payment-in-kind)
Redemption is the date the security is scheduled to be redeemed. Types: M - maturity, R - refunded, T - mandatory tender/put, P - perpetual (displays date of report plus sixty years), D - Dutch auction or optional tender, A - estimated average life of prepaying securities.
Next call is the next date, prior to maturity, on which a callable security may be redeemed by the issuer. Call Price is the price, specified at issuance, at which a bond or preferred stock can be redeemed.
Call Types: C - Optional Premium Call, P - Optional Par Call.
Adjusted Price is the original price adjusted for accretion for a discount and amortization for a premium.
Purchase Yield is the yield to worst based on original price and purchase date.
Yield Price is the recent market price which is used to calculate yields, duration, convexity, etc. The date of the yield price is displayed beneath the table.
YTW - Yield to Worst indicates the lowest of yields to calls or the yield to maturity, calculated at yield price and not at current market price. The Yield Code next to YTW indicates the date/price to which the yield has been calculated. Codes: C = next call, P = par call, W = middle call, R = pre-refunding, M = maturity of issue, A = estimated average life on principal paydown securities, T = next mandatory put/tender, F = called in full.
YTM (Yield to Maturity) is calculated to the redemption date based on the yield price and not on current market price.
Duration - Duration, where available, is Modified Duration. It is used to provide a measurement of price volatility. For example, a duration of 4 means that a shift in prevailing rates 100 basis points (1%) in a 1 year period should shift the price in the opposite direction by 4%. Duration will not be calculated on Structured Products or other securities for which required data is not available. Modified Duration, unlike Effective Duration, assumes cash flows do not change and does not take into account embedded call options.
Convexity - Convexity measures the speed with which the duration will change with movements in interest rates. For example, on a bond with negative convexity, the duration will shorten with falling interest rates which will reduce the impact of duration of this security on the portfolio. Convexity is reflected at both the security level and at the subtotal level for fixed income classification calculated as a weighted average.
Duration Contribution - The duration contribution is the impact of this bond's duration on the fixed income portion of the portfolio. Example, if bond has a duration of 3 and its market value is 5% of the fixed income, the duration contribution will be 0.15 (3 x .05).
For more information including fixed income analysis details, please see the Important Information section at the end of this report.

Total portfolio value: $90,395,166

This report shows the schedule of principal payments of securities calculated as of the date of the report. Payments are not guaranteed. Unforeseen events could occur which could cause the estimated principal payments to differ from stated values. Bonds in default will not display a redemption value. The redemption value applies the redemption price to the remaining principal or the number of shares. These schedules assume that bonds are not called. Call features may be exercised as stated elsewhere at any time. On Treasury Inflation Index securities (TIPs), we have applied the most recent Index Ratio to the redemption price. Actual redemption value will not be less than the face amount on TIPs if held to maturity. 100% Principal protected structured products (when held to maturity) will be displayed at their face amount as the redemption value.

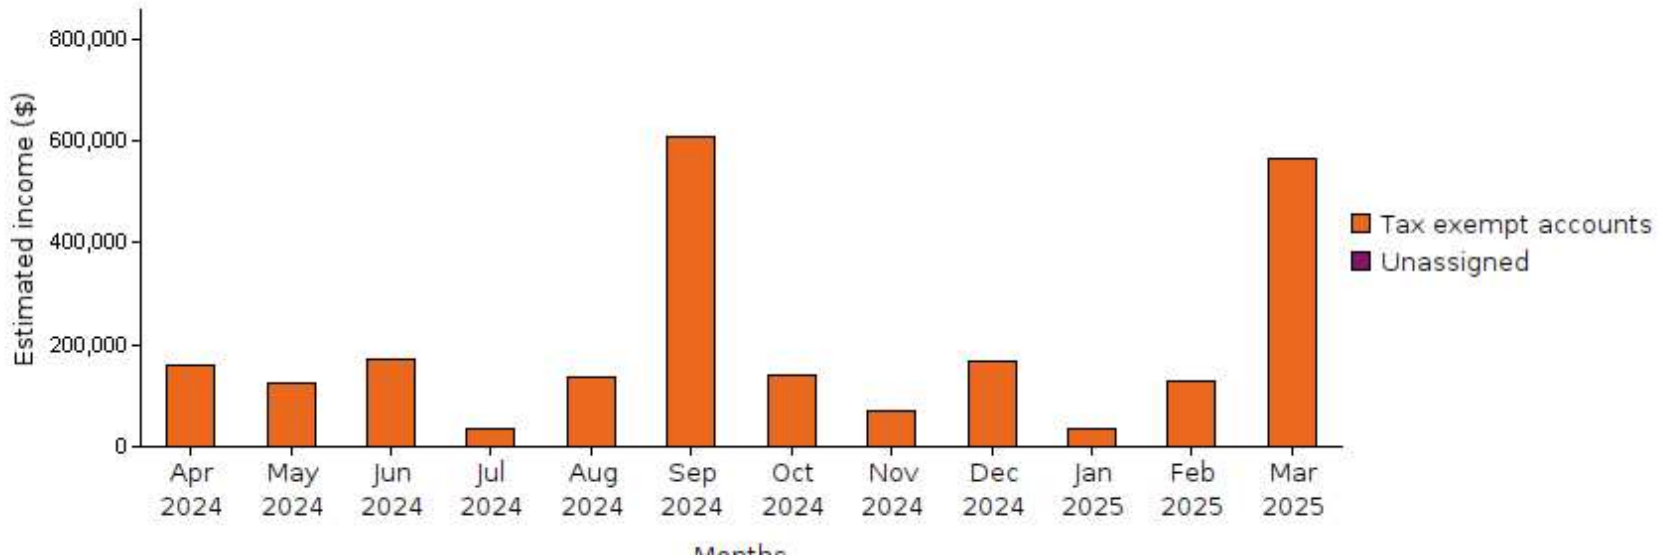

The asset classification of Corporate Bonds includes holdings of Certificates of Deposit.

Mortgage Backed Securities display the total remaining principal on pass-through securities and collateralized mortgage obligations (CMOs), which are not represented in the table due to uncertain schedule of principal payments.

Securities with Undefined Redemption Value, such as mandatory convertible securities and structured products (other than those with 100% principal protection), do not have a defined redemption value and are not represented in the table. The market value of these securities that have a redemption date within the next 12 months is displayed beneath the table. These securities will display N/A as the redemption value in the month of their scheduled redemption. For more information, see the Important Information section at the end of this report.

This report is not a substitute for official tax reporting. This report separates the holdings, first based on the taxability at the account level. The secondary aggregation is Tax Type which is used to

aggregate securities based on their assumed taxability of income (interest and dividends) at the time of this report. Classifications are made by data sources we deem reliable; however, we do not guarantee the accuracy of these classifications. Most securities are subject to capital gains taxes and some may be considered in calculations for Alternative Minimum Tax (AMT) that are not so designated here. This report does not attempt to portray phantom income (income accreted or accrued but not paid) on discount or zero coupon securities. You should consult with your tax advisor regarding the taxability of your holdings.

The following tax type classifications may be included in this report: AMT - subject to Alternative Minimum Tax; Dividend - taxable as dividend income; Federal - income taxable by federal government (state and local income taxes may not apply); Non-Federal - income non-taxable by federal government but may be subject to state and local taxes; Taxable - income taxable by federal, state and local taxes; and Not Available - taxability undetermined.

Estimated Income Annualized (EIA) takes your current income, based on the current dividends or interest paid by your securities and multiplies it to create an annualized hypothetical figure. It does not reflect actual or future performance and should not be relied upon when making financial decisions. All annualizations are based upon current positions using a simple mathematical calculation and assumes all figures remain constant for a year; any subsequent position changes will affect these calculations. Calculations for certain types of securities could include a return of principal or capital gain, in which case the figures would be overstated. Past performance is not a guarantee of future results. Dividend payments are made solely at the discretion of the issuer and are subject to be changed or eliminated at any time. Estimated Income is an estimate and the actual income might be lower or higher than the estimated amount. Estimated Income only the income generated by an investment. It does not reflect changes in price, which may fluctuate.

[P] Indicates an account included in the performance information within the report.

This Account listing only represents a portfolio of assets and/or liabilities owned by you based on transaction records and other supplemental information you have supplied. This report may not include all accounts or assets in your household. This report may include assets/liabilities that you currently hold away from our firm; these assets may not be covered by SIPC.

This report is not the official record of your account. However, it has been prepared to assist you with your investment planning and is for informational purposes only. Your Client Statement is the official record of your account. Therefore, if there are any discrepancies between this report and your Client Statement, you should rely on the Client Statement and call your local Branch Manager with any questions.

Transactions requiring tax consideration should be reviewed carefully with your accountant or tax advisor. Unless otherwise indicated, market prices/values for internal assets are the most recent closing prices available at the time of this report and are subject to change. Prices may not reflect the value at which securities could be sold.

Certain assets are excluded from performance calculations. Selected annuities, certain types of direct investments, mutual funds held outside the firm, precious metals, coins, bullion, or any assets subject to tax-withholdings (TEFRA) are among the assets not included in values or performance calculations.

For performance market values, we include account accruals in the calculations. Accruals are accumulated interest or income that your individually held assets have earned over time but have not been recorded or paid out yet. Because you are legally entitled to receive this interest and income as the holder of the assets, we factor these accruals as part of the assets' appreciation value. For non-performance market values, we do not include accruals as part of the calculation.

If your portfolio holds alternative investment positions, the available evaluations used to calculate your returns may be estimated or stale. Alternative investment valuations are for informational purposes only as we have not confirmed with the issuer that you continue to own any of these assets. Please refer to the issuer statement for the most up-to-date valuations.

A portion of the financial data used to generate this report may be provided to Wells Fargo Advisors by third-party vendors. While this third-party information is believed to be reliable, it has not been verified.

Asset Classification

Asset Classes for mutual funds, variable annuities and exchange-traded funds are derived from Morningstar Categories. Underlying holdings classification provided by Morningstar. ©2023 Morningstar, Inc. All Rights Reserved. The information contained herein: (1) is proprietary to Morningstar and/or its content providers; (2) may not be copied or distributed; and (3) is not warranted to be accurate, complete or timely. Neither Morningstar nor its content providers are responsible for any damages or losses arising from any use of this information.

Asset classification of holdings in external accounts where classification is not readily available may be assigned to a multi-asset class category or reassigned into additional asset classes by your Financial Advisor which may not be the most accurate asset class based on the holding's characteristics and risk profile. It is your responsibility to review the asset classification for external accounts and notify us of any changes.

Return Methodology

Returns are annualized for time periods greater than one year. Past performance is no guarantee of future results.

Net Time Weighted rates of return are independent of the timing and

magnitude of your cash flow decisions and are calculated after the deduction of program fees. Each return period is given an equal weighting, regardless of the portfolio value. Gross Time Weighted rates of return are independent of the timing and magnitude of your cash flow decisions and are calculated before the deduction of all fees. Each return period is given an equal weighing, regardless of the portfolio value.

Money Weighted rates of return reflect your decisions to deposit assets to or withdraw assets from your accounts and are calculated after the deduction of all fees. They give more weight to returns in periods with higher portfolio values and, as a result, should not be used to measure performance of an investment manager.

Fixed Income Securities (Bonds)

Investments in fixed-income securities are subject to market, interest rate, credit/default, inflation and other risks. Bond prices fluctuate inversely to changes in interest rates. Therefore, a general rise in interest rates can result in the decline in the bond's price. Lower rated securities are speculative and involve greater risk of default.

YTW: Yield to worst is the lowest of all yields to calls or the yield to maturity. Yield to maturity is the yield that would be realized on a fixed income security if it were held to the maturity date. Yield at purchase is calculated based on the purchase date and price of each position (if available) and represents the yield to worst at the time of purchase. At the subtotal and total levels, yields are weighted averages for that grouping.

Duration, if available, is option adjusted duration and is used to provide a measurement of price volatility. For example, a duration of 4 means that a shift in prevailing rates 100 basis points (1%) in a 1 year period should shift the price in the opposite direction by 4%. Duration will not be calculated on Structured Products or other securities for which required data is not available. Modified Duration, unlike Effective Duration, assumes cash flows do not change and does not take into account embedded call options.

YTM: Yield to Maturity is calculated to the redemption date based on the yield price and not on current market price.

Yield at purchase is the yield to worst based on original price and purchase date.

Weighted avg coupon: Weighted average coupon at the subtotal and total levels is the weighted average coupon that has been calculated based on the market value of the securities within that grouping.

Weighted avg maturity: Weighted average maturity is a measure of the overall maturity of the fixed income securities in a portfolio. The higher the weighted average maturity the longer it takes for all these securities in the portfolio to mature.

Term: Short-term bonds have effective maturities of five years or less, intermediate bonds have effective maturities between five and ten years; and long-term bonds have maturities of ten years or longer. Income from tax exempt bonds is generally free from federal and state taxes for residents of the issuing state. While the interest income is tax-free, capital gains if any are subject to taxes. Income of certain tax-exempt bonds may be subject to the Federal Alternative Minimum Tax (AMT).

Credit Quality Ratings: Bond rating firms, such as Moody's and Standard & Poor's, use different designations consisting of upper- and lower-case letters 'A' and 'B' to identify a bond's credit quality rating. 'AAA' and 'AA' (high credit quality) and 'A' and 'BBB' (medium credit quality) are considered investment grade. Credit ratings for bonds below these designations ('BB', 'B', 'CCC', etc.) are considered low credit quality, and are commonly referred to as junk bonds.

Fixed Income Analysis

All yields, durations and convexities are calculated at the 'Yield Price' listed on the report. The calculations are updated approximately once per month. Should there be significant changes in interest rates we will update the calculations more frequently.

Enhancements used for this analysis may include Bond Insurance, Federal Deposit Insurance Corporation (FDIC) and escrowed collateral on refunded bonds (typically in US Government securities). The terms of enhancements vary and assumptions cannot be made as to specific issuers or issues. This report is not meant to indicate that 'non-enhanced' securities are of lesser credit quality than those with secondary credit enhancement. Insurance

pertains to the timely payment of principal and interest by the issuer of the underlying securities and not the price of the bond, which will fluctuate prior to maturity.

Types of enhancements may include but are not limited to:
Pre-ref - Indicates that the security has been pre-refunded, is collateralized (typically in US Government Securities) and is scheduled to be redeemed at the stated redemption date.
ETM - Indicates that the security has been escrowed to maturity (collateralized, typically in U.S. Government securities).
FDIC - Federal Deposit Insurance Corporation
MBIA - Municipal Bond Insurance Association
FGIC - Financial Guaranty Insurance Company
AMBAC - American Municipal Bond Assurance Corporation
Assured Gty. - Assured Guaranty Corp.
BHAC - Berkshire Hathaway Assurance
AGM(f.FSA) - Assured Guaranty Municipal Corp.
AGC - Assured Guaranty Corp.
NATL-RE(f.MBIA) - National Public Finance Guaranty Corp. (MBIA's public finance subsidiary)
Syncora(f.XLCA) - Syncora Guarantee (Formerly XL Capital Assurance)
PSF - Permanent School Fund
BAM - Build America Mutual Assurance Corp.
Q-SBLF - Qualified School Bond Loan Fund
ACA - ACA Financial Guaranty Corp.
FHA - Federal Housing Administration
FHLMC - Federal Home Loan Mortgage Corp.
FNMA - Federal National Mortgage Association
GNMA - Government National Mortgage Association

Investment products and services are offered through Wells Fargo Advisors Financial Network, LLC (WFAFN), a registered broker-dealer and non-bank affiliate of Wells Fargo & Company. WFAFN uses the trade name Wells Fargo Advisors. Any other referenced entity is a separate entity from WFAFN. Account(s) carried by Wells Fargo Clearing Services, LLC, Member SIPC.

General instructions and disclosures

About this statement

Clearing services: Wells Fargo Clearing Services, LLC (WFCS), an indirect wholly owned subsidiary of Wells Fargo & Company, is a clearing broker-dealer registered with the Securities and Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB) and is a member of the New York Stock Exchange (NYSE), the Financial Industry Regulatory Authority (FINRA) and all principal U.S. exchanges. WFCS carries your account(s) and acts as your custodian for funds and securities deposited with us directly by you, through our affiliated broker-dealer, Wells Fargo Advisors Financial Network, LLC (Wells Fargo Advisors) or as a result of transactions WFCS processes for your account. Twice a year, WFCS publishes on its web site **www.wfclearing.com** a statement of the firm's financial condition. A financial statement of this organization is available for your personal inspection at its offices, or a copy of it will be mailed upon your written request. Unless and until we receive written notice from you to the contrary, WFCS may, without inquiry or investigation, accept from Wells Fargo Advisors (i) orders for the purchase or sale of securities for your account on margin or otherwise, and (ii) any other instructions concerning your account.

Trade date statement and trade details: All activity and positions on this statement are shown as of the date a trade is entered on the brokerage trading system (i.e., the trade date). Proceeds from the sale of securities and costs for the purchase of securities are not transacted through your account until the actual settlement date of the trade. The time of the transactions, the name of the buyer or seller, and the source and amount of any commission or fee will be furnished upon written request.

Pricing of securities: Securities prices on your statement may vary from actual liquidation value. Prices are provided by outside quotation services which we believe are reliable but due to the nature of market data the accuracy cannot be guaranteed. In the absence of such pricing, prices are estimated by WFCS using available information and its judgment. Such estimates may not reflect actual trades and do not reflect a commitment by the firm to buy or sell at those prices. Securities listed on a national exchange are priced as of the close of the statement period. Unlisted shares may be valued at the current best published "bid-price", and, if none exists, the last reported transaction if occurring within the last 45 days. Prices of securities not actively traded may not be available and are indicated by "N/A." Corporate and municipal bonds and other fixed income securities are priced by a computerized pricing service or, if less actively traded, by utilizing a yield-based matrix system to arrive at an estimated market value. Listed options are priced based on the closing "bid-ask" prices and the last reported trade. Mutual fund shares are priced at net asset value. Shares of direct participation program (DPP) and real estate investment trust (REIT) securities that are not listed on a national exchange are generally illiquid. Because no trading market exists for these investments, their values are estimated. Unless otherwise indicated, the values shown for DPP and REIT securities have been provided by the management of each program and represent that management's estimate of the investor's interest in the net assets of the program. See statement sections for additional pricing information. Values for hedge funds and certain managed futures funds are provided on a month delay basis. Other managed futures funds may be priced more frequently. Long-term certificates of deposit (maturity beyond one year from date of issue) are priced using a market value pricing model. The sale or redemption price of your securities may be higher or lower than the prices shown on your statement. For an actual quote, contact the individual servicing your account.

Estimated annual income/yield: Estimated Annual Income (EAI), when available, reflects the estimated amount you would earn on a security if your current position and its related income remained constant for a year. Estimated Annual Yield (EAY), when available, reflects the current estimated annual income divided by the current value of the security as of the statement closing date. EAI and EAY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EAY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. The information used to derive these estimates is obtained from various outside vendors; WFCS and Wells Fargo Advisors Financial Network, LLC are not responsible for incorrect or missing estimated annual income and yields. Past performance is not a guarantee of future results.

Income summary: The Income summary displays all income as recorded in the tax system as of period end date. The totals in the Cash flow snapshot may not match the totals in the Income snapshot due to reclassifications or other corrections made in the tax system. Remember, you may have certain products that are not included in these figures and whose income is only available on the tax forms sent to you at year-end. Reclassifications and other tax reporting requirements may alter these numbers both during and after year end. You should rely only on tax reporting documents. Contact your tax advisor if you have any questions about the tax consequences of your brokerage activity.

Texas designation: If you are a resident of Texas who has purchased mutual fund shares, you may designate a representative to receive notification to assist in avoiding escheatment of assets in your investment account to the State of Texas. The designated representative does not have any rights to your account. Please use the Texas Unclaimed Property link (**https://claimittexas.org/**) to access the Designation of Representative for Notice Request form which you may complete and return to us at **ATTN: H0006-08K, 1 N. Jefferson Ave, St. Louis, MO 63103** or return by email at **clientcontact@firstclearing.com**.

Tax reporting: We are required by federal law to report annually to you and to the Internal Revenue Service (IRS) on Form(s) 1099 interest income, dividend payments and sales proceeds including cost basis information for applicable transactions credited to your account.

About your rights and responsibilities

Questions and complaints about Your Account: This account statement contains important information about your brokerage account, including recent transactions. All account statements sent to you shall be deemed complete and accurate if not objected to in writing within ten days of receipt. We encourage you to review the details in this statement. If you do not understand any of the information in your statement or if you believe there are any inaccuracies or discrepancies in your statement, you should promptly report them to both WFCS and to the manager of the Wells Fargo Advisors Financial Network office listed on the front of your statement. To further protect your rights, including any rights under the Securities Investor Protection Act, any verbal communications with either your Wells Fargo Advisors Financial Network office or with WFCS should be re-confirmed in writing. Inquiries or complaints about your account statement, including the positions and balances in your account, may be directed to **Wells Fargo Advisors Client Services at (866) 258-4606 or ATTN: H0005-087, 1 N. Jefferson Ave, St. Louis, MO 63103.**

Public disclosure: You may reach FINRA by calling the FINRA BrokerCheck Hotline at **(800) 289-9999** or by visiting the FINRA website at **www.finra.org.** An investor brochure that includes information describing FINRA BrokerCheck is available from FINRA upon request. A brochure describing the FINRA Pricing of Securities Regulation Public Disclosure Program is also available from the FINRA upon request.

MSRB disclosure: A brochure describing the protections available under MSRB rules and how to file a complaint is available at **www.MSRB.org**.

Account protection: WFCS is a member of the Securities Investor Protection Corporation (SIPC) which protects against the loss of cash and securities held in client accounts of a SIPC member firm in the event of the member's insolvency and liquidation. SIPC coverage is limited to $500,000 per customer, including up to $250,000 for cash. For more information on SIPC coverage, please see the explanatory brochure at **www.sipc.org** or contact SIPC at **(202) 371-8300**. In addition, WFCS maintains additional insurance coverage provided through London Underwriters (led by Lloyd's of London Syndicates). This additional insurance policy becomes available to clients if their SIPC limit is exhausted and provides additional protection up to a firm aggregate of $1 billion, including up to $1.9 million for cash per client. SIPC does not insure the quality of investments or protect against market losses. SIPC only protects the custody function of their members, which means that SIPC works to restore to clients their securities and cash that are in their accounts when the member firm liquidation begins. Not all investments are protected by SIPC. In general, SIPC does not cover instruments such as unregistered investment contracts, unregistered limited partnerships, fixed annuity contracts, escrow receipts, direct investments, currency, commodities or related contracts, hedge funds and certain other investments.

Free credit balances: Free credit balances are not segregated and may be used by WFCS in the operation of its business in accordance with applicable laws and regulations. You have the right to receive from us in the course of normal business operations, subject to any open commitments in any of your accounts, any free credit balances to which you are entitled.

Investment objectives/Risk tolerances: Please inform us promptly of any material change that might affect your investment objectives, risk tolerances or financial situation, or if you wish to impose or change any reasonable restrictions on the management of your account. A copy of the Investment Advisory Services Disclosure document is available without charge upon request. Please contact the individual denoted on the front of your statement to update your information and to receive a copy of this document.

Option accounts: Pursuant to FINRA Rule 2360, option assignment notices are randomly allocated by an automated process amongst all client short option positions that are subject to exercise, including positions established on the day of assignment. Transaction confirmations that were previously furnished to you provides information on commissions and other charges related to your option transaction executions. Details of our random allocation procedures and copies of transaction confirmations are available upon request.

Customer householding
We make a reasonable effort to automatically link your accounts and those accounts of your eligible family members upon account opening into a Firm Household based on: (i) same last name and address; and (ii) social security number or Tax ID number. We aggregate the balances of your Firm Household to determine whether those accounts may qualify for certain fee waivers, pricing, features, and/or other benefits.
We may consider other accounts eligible to be in your household upon your request if account holders are married, are dependents (based on the IRS definition), or in certain other instances at our discretion. You are responsible for identifying accounts that should be linked for purposes of determining your Firm Household. An example may be that you or other eligible members of your family who reside at your home address have a different last name (such as your spouse) or different address/multiple addresses. If you have questions related to our Firm Householding policy, please contact your financial advisor, or call the telephone number listed on your account statement.
Investment and Insurance Products are:
-Not Insured by the FDIC or Any Federal Government Agency
-Not a Deposit or Other Obligation of, or Guaranteed by, the Bank or Any Bank Affiliate
-Subject to Investment Risks, Including Possible Loss of the Principal Amount Invested

Householding rules applicable to Individual Retirement Accounts and Education Savings Accounts (collectively IRAs): IRAs established under your social security number will be automatically included in your Firm Household. In addition, IRAs established for other eligible individuals at your physical address may be included in your Firm Household, subject to our householding rules. Please note that there are special tax rules regarding the use of IRAs in householding arrangements, which can restrict the householding of certain IRAs. Please see *IRS Publication 590-A: Contributions to Individual Retirement Arrangements (IRAs)* and the section on Prohibited Transactions for more information. It is the responsibility of the IRA owner and not ours to consider whether it is appropriate to include an IRA in a particular Firm Household. If you determine an IRA has been linked to a Firm Household incorrectly, you must contact us to unlink the account.
Owner-only retirement plan accounts such as Keogh, or Individual 401(k) are not automatically included in your Firm Household. If you have an individual or owner-only retirement plan account and determine that it is eligible to be included in your Firm Household, you may request that the account be considered for your Firm Household, subject to our Firm Householding policy.
If you have questions related to our Firm Householding policy or what accounts are included in your household, please contact your financial advisor, or call the telephone number listed on your account statement.
Important notice regarding an amendment to your account agreement
Please note that some of the terms and conditions of the General Account Agreement and Disclosure Document (GAADD) have been amended to reflect the following:
PAYMENT FOR ORDER FLOW
NMS Securities which are traded in your account may be executed in more than one marketplace. Consistent with the principles of best execution and applicable regulatory requirements, you agree that Wells Fargo Clearing Services, LLC ("WFCS") and Wells Fargo Advisors Financial Network, LLC ("WFAFN") may use discretion in selecting the routing destination. WFCS and WFAFN receive payment for order flow from some market centers where your orders may be routed.
We route customer orders for over-the-counter and listed equity securities to selected market makers, broker-dealer affiliates, alternative trading systems, and/or exchanges for execution. We consider a number of factors when determining where to send customer orders including execution speed, price improvement opportunities, the availability of efficient and reliable order handling systems, the level of service provided, and the cost of executing orders. We regularly review transactions for quality of execution, generally by measuring execution prices versus the relevant national best bid and offer.
WFCS and WFAFN do not accept payment or rebates from orders executed with market makers or broker-dealer affiliates. Typically, orders that we receive from our customers are either market orders or limit orders. A market order specifies no particular price and instructs us to execute the order immediately at the best available price. A limit order is an order to buy or sell at a specific price, or better. A limit order that is immediately executable (i.e., in-line with the current market price) is handled as a marketable limit order. We route most of our market and marketable limit orders in over-the-counter and listed equity securities to selected broker-dealers (including affiliates) that act as market maker to execute our orders, and we attempt to systematically route a greater number of these orders to market centers that consistently execute orders at prices superior to the national best bid or offer, with improvement amounts greater than that available at competing venues.
Non-marketable limit orders are generally not eligible for price improvement opportunities, and we therefore attempt to systematically route these orders to exchanges and broker-dealers (including affiliates) based on the likelihood of these orders being executed.

News from Wells Fargo Advisors continued

We route customer option orders to selected broker-dealers' smart routers for execution on national exchanges. WFCS and WFAFN receive compensation for option orders executed at specific market centers, which may include cash payments as well as noncash items, such as discounts, rebates, reductions, or credits against fees that would otherwise be payable in full. We consider a number of factors when determining where to send customer option orders, including, but not limited to, price improvement opportunities, the availability of efficient and reliable order handling systems, the level of service provided, and the cost of executing option orders. We regularly review transactions for quality and execution. The source and amount of any compensation received in connection with your transactions will be disclosed upon written request. Please contact your financial advisor for further information.

DVP Accounts

In consideration of WFA accepting a delivery versus payment ("DVP") account for you, and agreeing to act as broker for you in the purchase and sale of securities on a delivery versus payment/receipt versus payment ("DVP/RVP") basis, you agree to the following:

You will issue standing instructions to your agent/receiving bank(s) to receive from or deliver to us against payment, any security pursuant to the procedures established by this Agreement. Specific instructions for each transaction must be in the possession of the agent bank(s) by the close of business on the date of execution or as otherwise stated by the NYSE and the FINRA Uniform Practice Code.

The remainder of the paragraph remains unchanged.

Important information from Wells Fargo Advisors

Notification of Financial Disclosure Statement

Pursuant to Securities and Exchange Commission (SEC) Rule 17a-5, broker-dealers are required to provide certain statements, including a Statement of Financial Condition, to their customers. This Financial Disclosure Statement is being provided by Wells Fargo Clearing Services, LLC (the Company) pursuant to this rule.

The SEC permits a broker-dealer to publish its Statement of Financial Condition on a website in lieu of providing a paper copy. You can access this information at no cost at wellsfargoclearingservicesllc.com. If you wish to receive a paper copy of the Company's Statement of Financial Condition, at no cost, for FiNet accounts please call 1-866-258-4606. For WFAS accounts, please call 1-866-636-8339. In addition, the Company's audited Statement of Financial Condition as of December 31, 2023, is available for inspection at the principal office of the Company located at One North Jefferson Avenue, St. Louis, MO 63103.

The Company is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital, as defined. The Company has elected to use the alternative method, permitted by Rule 15c3-1, which requires that the Company maintain minimum net capital, as defined, equal to the greater of $1,500,000 or 2% of aggregate debit balances arising from customer transactions, as defined.

At December 31, 2023, the Company had net capital of $8,772,503,000, which was 221.48% of aggregate debit balances and $8,693,286,000 in excess of required minimum net capital of $79,217,000.

The most recent audited Statement of Financial Condition of the Company as of December 31, 2023, and the Report of Independent Registered Public Accounting Firm are available for inspection at the principal office of the Company located at One North Jefferson Avenue, St. Louis, MO 63103, at the regional office of the SEC located at 175 W. Jackson Boulevard, Suite 900, Chicago, IL 60604, and at the office of the SEC located at 100 F. Street NE, Washington, DC 20549.

Portfolio detail

Cash and Sweep Balances

Sweep Balances - You have the right, in the course of normal business operations, to withdraw balances in the Bank Deposit Sweep Program(s) or redeem shares of the money market mutual fund used in the sweep, subject to any open commitments in any of your accounts and have the proceeds returned to your accounts or remitted to you. The money market mutual funds in the sweep reserve the right to require one or more day's prior notice before permitting withdrawals.

Money Market Mutual Fund - Funds seek to preserve a value at $1.00 per share, but it is possible to lose money by investing in these funds. Investments in money market funds are not bank deposits and are not insured by the FDIC or any other government agency. They are instead covered by SIPC. Estimated Annual Yield on money market funds, when available, reflects the current estimated yield for the Interest Period dates displayed. For more complete information, including fees, expenses and risks, please request a prospectus from Your Financial Advisor.

Mutual Funds

If a portion of your fund position was converted, the 'Client Investment' value may include reinvestments from previously held positions.

Open End Mutual Funds

Open End Mutual Fund shares are priced at net asset value. Estimated Annual Income and Yield refer to Dividends and Interest Income only, and typically do not reflect Total return.

Cash sweep activity

Our Cash Sweep program allows you to earn a return on the idle cash balances in your account by automatically investing such balances into one of our cash sweep options. These 'sweep transactions' may represent a net amount for the day and occur on settlement date. The following section displays transfers into and out of your sweep option. Transactions displayed here are Transfer To, Transfer From and Reinvested Dividends and Interest. These transaction amounts are not included in your cash flow summary.

Specific instructions and disclosures

Available funds

"Available for loan" reflects the approximate amount available as of the statement period ending date and should be reduced by any pending checks and Visa charges not yet cleared. This amount is the approximate amount available for withdrawal and loans. A margin loan is a variable rate loan secured by your account.

Income on non-reportable accounts

Your income summary is categorized into taxable and tax-exempt income based upon the securities that you hold. Please be aware that, since this is a 1099 non-reportable account, this income will NOT be reported to the IRS, but is being provided to you for informational purposes only.

Callable Securities

Securities that are subject to a partial call will be selected by an impartial lottery process in which the probability of your securities being selected for redemption is proportional to the holdings of all shareholders of such securities held in street name. If a security is called prior to maturity it may affect the yield you receive. Additional information is available at **www.wellsfargoadvisors.com** under Legal Disclosures or the written procedures are available upon request.

Cost basis - To add or update information or modify your reporting options, please contact Your Financial Advisor.

This statement presents estimated unrealized or realized gains or losses for your information only. If acquisition or other information is not available, the gain/loss information may not be displayed and section and summary totals may not reflect your complete portfolio. Cost basis information is not verified by WFCS or Wells Fargo Advisors Financial Network and should not be relied upon for legal or tax purposes. Revisions to this information (due to corporate mergers, tenders and other reorganizations) may be required from time to time.

Cost basis for factored bonds (GNMA, CMO, etc.) will be adjusted for paydown of principal. Systematic investments in mutual funds and reinvested dividends for mutual funds and stocks have been consolidated for each position. Unit cost data for systematic investments and dividend reinvestment securities is provided for informational purposes only and is a non-weighted average.

Your account statement should not be used for tax preparation without assistance from your tax consultant. We do not report capital gains or losses for non-covered securities to the IRS.

Cost basis options
Unless specific tax lots are selected at trade time, sales of tax lots will occur using the cost basis election reflected in the Account profile section.

Estimated accrued interest on Fixed Income securities

Estimated accrued interest is included in the Portfolio summary as a convenience to you and represents the estimated portion of the interest that would be received upon the sale of the Fixed Income positions in your account, calculated from the date of the last coupon (or dated date) through the date of the account statement, based upon information provided by the issuer. This is not a guarantee that this amount will be realized in your account. Actual income will be based upon the payout schedule of the securities held in your account. If you own a Foreign Fixed Income security, and it is denominated in a foreign currency, the Estimated accrued interest will not be accurate.
