ok, thanks, in the mean time please use the following statement for the packet:

With the goal of producing a world-class triathlon event for the City of Malibu, the local community, participants, and all stakeholders involved, the Zuma Foundation is requesting to postpone The Zuma Beach Triathlon to the Fall of 2025. This decision prioritizes the safety of participants and ensures the delivery of a world-class event for the City of Malibu, local residents and athletes.

The health and wellbeing of our race participants is of the utmost importance. The ongoing construction and repair issues on Pacific Coast Highway, including the delayed completion of the Trancas Bridge project, among others, have led us to reschedule the event due to safety concerns for the thousands of athletes that come to Malibu to train on the course leading up to the race.

The Zuma Foundation is committed to delivering an exceptional triathlon experience. By adjusting our timeline to take into account the ongoing repairs on the course and Pacific Coast Highway, we can ensure optimal course conditions and a truly unforgettable event. Most importantly, this decision prioritizes the safety of all athletes participating.

Thank you for your understanding and support of the Zuma Foundation during this transitional year.
