

# Public Safety Commission Agenda Report

To: Chair Spiegel and Members of the Public Safety Commission

Prepared by: Luis Flores, Senior Management Analyst

Approved by: Susan Dueñas, Public Safety Director

Date prepared: January 26, 2026 Meeting date: February 4, 2026

Subject: Parking Enforcement Service Level Review

---

**RECOMMENDED ACTION:** 1) Receive a report on the City's parking enforcement service level, and 2) Provide feedback and recommendations on any service level changes prior to a proposed contract renewal, if appropriate.

**DISCUSSION:** On July 3, 2024, the City's Parking Enforcement Team, courtesy of LAZ Parking, began operations to provide additional support to the Los Angeles County Sheriff's Department (LASD) and Volunteers on Patrol (VOP). Since starting in 2024, the Parking Enforcement Team has issued 59,322 citations for a variety of violations, including obstruction of roadways, obeying parking signs, blocking fire hydrants, oversized vehicle ordinance, unauthorized handicap parking, and more.

The Parking Enforcement Team works proactively to identify problem areas, inform vehicle owners of their violation(s) through warnings, and build relationships with the local community, all while working in partnership with LASD and VOPs. The Parking Enforcement Team has proved to be a significant asset in improving public safety throughout the City by decreasing the proliferation of RVs along Pacific Coast Highway, positively influencing parking behavior, and ensuring compliance with the California Vehicle Code and Municipal Code, as needed.

The City's Parking Enforcement Team currently consists of one (1) Parking Enforcement Supervisor, one (1) Parking Enforcement Lead, and three (3) full-time Parking Enforcement Officers that provide coverage throughout the day, including (1) Officer that provides overnight coverage on multiple days a week.

The current contract ends on June 30, 2026. To maintain continuity and excellence in service, staff is preparing a three-year contract renewal for City Council consideration. The proposed contract renewal would maintain existing staffing levels and provide flexibility for additional enforcement capabilities throughout the summer, primarily between Memorial Day and Labor Day weekend.

Staff is recommending that the Commission review current parking enforcement staffing levels and provide feedback and recommendations, if appropriate.
