Prepared by: Tyler Eaton, Assistant Community Development Director

Approved by: Yolanda Bundy, MS, PE, CBO, CFCO, Community Development Director

Date prepared: March 12, 2026 Meeting date: March 16, 2026

Subject: Zoning Text Amendment No. 26-001 – An amendment to the Malibu Municipal Code Title 17 (Zoning) modifying standards and procedures related to Temporary Use Permits and Sign Permits to aide Economic Recovery for local businesses as a result of impacts from the 2025 Palisades Fire

---

RECOMMENDED ACTION: Adopt Planning Commission Resolution No. 26-13 determining the amendments are exempt from the California Environmental Quality Act and recommending that the City Council approve Zoning Text Amendment No. 26-001 to amend Title 17 of the Malibu Municipal Code (MMC) modifying standards and procedures related to Temporary Use Permits (TUP) and Sign Permits.

DISCUSSION: The initial staff report was published on March 5, 2026. Staff inadvertently attached an older redline version of the TUP Ordinance (previously Attachment 1a.) No changes have been made to the draft resolution or ordinance within the original staff report. The purpose of this supplemental report is to ensure the Planning Commission and public are reviewing the redlined text from the currently in effect ordinance. No changes to the redlined text were made since the publishing of the original staff report, rather the revised attachment shows previously approved text by the City Council upon second reading in September of 2025 that was inadvertently left out of the original publication. The unchanged, existing text that differs from the first staff report published is highlighted for convenience within Exhibit A. City Council Ordinance 526, adopted September 8, 2025, is provided as Exhibit B.

The City Council has determined that there is no possibility the amendment will have a significant effect on the environment and accordingly, the exemption set forth in Section 15061(b)(3) applies. The amendments to the MMC will not to have a significant effect on the environment as they provide only temporary relief from some current permitting requirements, and still require individual review, conditions, and CEQA review for all events. In addition, the changes do not excuse compliance with the Coastal Act which provides additional protection of the environment and sensitive coastal resources.
