RECOMMENDED ACTION: Appoint Commissioners to the 2026-27 Harry Barovsky Memorial Youth Commission.

FISCAL IMPACT: There is no fiscal impact associated with the recommended action.

STRATEGIC PRIORITY: N/A

DISCUSSION: On November 8, 1999, the Council established the Harry Barovsky Memorial Youth Commission (Commission) to serve as a voice for the youth of Malibu. The Commission facilitates leadership and volunteer opportunities through meetings, programs, and events. Commissioners also discuss local youth advocacy programs, demonstrate leadership amongst their peers, and promote civic responsibility.

In 2025, Council adopted Resolution No. 25-26, which modified the Commission structure to include membership of no less than seven and no more than twenty-six members and appointment by a majority vote of the Council at large (Attachment 1).

During the current term, the Commission provided feedback on the application process for the 2026-27 term. The Commission recommended minimum word counts on the application, interview options either in-person or virtual, and interview questions based on personal character which would be less likely to be answered by artificial intelligence. Staff implemented these items into the 2026-27 recruitment process.

The 2026-27 Youth Commission recruitment resulted in thirty-four applicants. Two applicants were dismissed for failing to meet the application requirements. Thirty-two applicants were invited to participate in interviews, which is a mandatory prerequisite for an appointment. Twenty-eight applicants successfully attended the mandatory interview. The number of completed applications and interviews exceeds the number of Members in Resolution 25-26, Section 2.2, by two members.

Staff recommends Council appoint twenty-six members to serve on the 2026-27 Harry Barovsky Memorial Youth Commission, excluding two applicants who were dismissed from the 2025-26 appointment year due to absences from meetings and events listed in Resolution 25-26, Section 2.6. Candidates recommended for appointment include nine students in grade twelve, five in grade eleven, seven in grade ten, two in grade nine, one in grade eight, and two in grade seven (Attachment 2).

For future consideration and to address a rising interest in students serving on the Youth Commission, staff will work with the 2026-27 Youth Commission to review the application and requirement processes. Staff will implement Commission feedback and if required, return to Council with a Commission recommendation to revise the recruitment process for the 2027-28 application period.

No

Why are you interested in joining the Youth Commission?*

I am interested in joining the Malibu Youth Commission because I want to have a real voice that makes a difference in the next steps that this community takes. I love being outside and enjoying Malibu's natural wonders, so by becoming a part of the Youth Commission I could help organize events to preserve its beauty.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I have been enrolled in the advanced math program at Malibu Middle and High School since sixth grade, so my math skills could be very useful for calculations of items necessary for events and money/profit calculations. I am also very organized and good at completing tasks with quality effort before the deadline. I also really enjoy many forms of art, such as, drawing, playing violin, piano, and photography. I could help design posters for events, and I could also take pictures at them for the local media.

Minimum of 25 words.

In sixth grade, I was a part of the Yearbook Committee, where I took photos of events, designed yearbook pages, and helped document school spirit days. In my eighth grade graduation, I received the Principal's Award, which is a certificate given to those who have shown excellence in all fields. I have also won student of the month several times. I have also participated in a plethora of beach cleanups, especially after the rains when the beaches are swarmed with trash that was washed down from the roads. This past December, I was a student leader who helped organize the orchestra performance at the Christmas Tree Lot at Cross Creek.

What do you think is a current major issue facing Malibu teens? *

I think that the number one issue that Malibu teens face are phones. I do not have a phone myself, but I see how they affect everyone around me. They have plagued the concept of childhood, because now all kids want to do is doomscroll on their phones instead of utilizing the great outdoors. Phones have become companions to the modern day human, but especially to teens. They can be very useful for communication and organization, but the are too great of a distraction to be situated in the pocket of almost every single kid.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

I would like to see the Youth Commission help build a movie theatre and collective art space. I just recently watched the Malibu High School talent show Masque, and it was so cool to see so many extremely talented people who I had no idea were so gifted at music and performing on stage. It would be amazing to have more events like this to encourage teens to get off of their devices and show the community their talents. I would also like to organize more surf competitions and womens surf contests like the Queen of the Point.

Minimum of 25 words.

The Youth Commission meets at 7:00 p.m. on the 1st Thursday of each month, September through June. All Commissioners are expected to attend monthly meetings, special events, and participate in community service projects. Per the Youth Commission absence policy, Commissioners may miss a maximum of three meetings in a twelve-month period before their seat is vacated.

I acknowledge the Commission meets the first Thursday of the month at 7:00 p.m. and I am available to regularly attend meetings.*

Have you previously served on the Youth Commission?*

Yes

Why are you interested in joining the Youth Commission?*

I would love to continue being a part of the Youth Commission for the 2026 - 2027 school year because I have learned so much in my time so far. Being an involved and active member of the Malibu community is incredibly important to me because Malibu is such a wonderful and welcoming place to live. My passion for teen outreach aligns closely with the purpose of the Commission, and I believe in the necessity of creating opportunities for young people to make a difference. I am deeply committed to environmental advocacy, and I hope to continue using this platform to promote community action to protect the beauty of Malibu.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I would bring strong leadership and collaboration skills to the Youth Commission, which I have developed through both academic and extracurricular experiences. Being cofounder of my school's chemistry club, along with my experience in environments like working at SunLife, playing varsity golf, and doing competitive dance, I have strengthened my ability to work effectively with others and contribute to/ lead a team. In addition, I am comfortable communicating with a wide range of people and value cooperation and mutual respect. Overall, I have the ability to both lead when necessary and support others to achieve our shared goals.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

I've been consistently involved in both school and community-focused activities, especially ones centered around service and outreach. I organized a fall food drive that collected over 800 cans of food for families in need, which required lots of planning and getting people motivated to participate. In the spring, I led a toiletry drive through the nonprofit I am a part of in collaboration with the LA Mayor's office, which gave me experience working with larger organizations and managing a more structured initiative. I'm also on the varsity golf team, where I've developed discipline.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

I think one of the biggest issues facing Malibu teens right now is a lack of connection. A lot of students are busy and involved, but that doesn't always translate into feeling connected to their peers or their community. Social media, academic pressure, and expectations can make it easy to feel isolated or disconnected, even in a place like Malibu. There also aren't always enough accessible, low-pressure opportunities for students to get involved in something meaningful. Creating more spaces and programs that encourage real interaction, collaboration, and inclusion would make a noticeable difference in how supported and engaged teens feel.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I were selected, I would want the Youth Commission to focus on expanding our work to be even more impactful. Malibu has such a strong connection to its environment, so expanding projects like beach cleanups would be a meaningful way to get more students involved. At the same time, I think the Commission could do a better job reaching students in the community who aren't already involved. Increasing outreach through schools, events, and more accessible opportunities would help bring in a wider range of voices. I would want the Commission to make sure more students feel included in and connected to the work being done.

Minimum of 25 words.

Have you previously served on the Youth Commission?*

No

Why are you interested in joining the Youth Commission?*

I am interested in joining the Youth Commission because I want to see the inner workings of our city in the lives of my peers and me. I believe that by joining the Youth Commission, I'll be able to make a tangible impact on the community. Being a student at Malibu High School, I can see and hear the things that the youth community needs and wants. In the Youth Commission, I can take these things and brainstorm them into potential future initiatives. I would also like to join the Youth Commission because I believe it will develop my leadership skills. Participating in council meetings, learning from the members who have been doing the Youth Commission for past years, and seeing firsthand what the city does for us will teach me lessons and skills that I will only truly have the opportunity to learn by being a member of the Youth Commission. By joining, I will not only get to represent my peers but also become a better leader.

Minimum of 50 words.

What skills, talents, or strengths would you bring to the Youth Commission? *

If I were in the Youth Commission, I would bring strong listening and organizational skills. As I try to listen in and pay attention both inside council meetings and outside around my peers, I'll be able to blend my knowledge of both to create an environment that serves as a bridge between youth in Malibu and Malibu's government. Also, being very organized, I'll be able to keep track of all responsibilities required of me and attend every meeting possible.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

I currently play both high school volleyball and water polo. Throughout this volleyball season, I've been a member of the varsity practice team and the varsity game manager. During games, I keep track of the score and substitutions while filming game clips. I also sort and organize the footage while selecting clips for the team's social media highlight reels. I am also an active Brent's club member and attend meetings every Monday. There, we talk mostly about drug use and mental health problems. At the meetings, I participate frequently and help clean up afterwards. At the moment, I don't have much volunteer experience, but as I'm getting my driver's license this summer, I plan on beginning to involve myself in as much volunteer experience as much as possible in the 26 27 school year

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

Phone addiction is one of Malibu's major issues facing teens. Every day at school, I constantly see students on their phones instead of doing work in class. I understand that it is sometimes very necessary to use your phone, but that is rarely the case. Most teens who use their phones are either doomscrolling or playing games in class. Even outside of class at lunch and after school, I still see many teens sitting on their phones, while they could instead be doing something productive. I think that organizing fun events and opportunities for teens to go out would be a great way to reduce phone usage and addiction. An event could be a sports competition where teens can be involved to come out and play, or a beach day with food and games. Both of these examples get teens outside, away from their phones.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I were selected to be a Youth Commissioner, I would like to see the Commission organize more events for the Youth beyond the usual annual ones. More specifically, I think that the Commission should begin working with Malibu High School and the local elementary schools to organize events that would bring our community together. For example, the Commission could work with the schools to organize a sports day for the elementary schools that includes one school taking a field trip to the other and having a field day with games and competitions. I would also like to see the Commission have more input from the general youth population in Malibu. While as Commissioners we are representatives of the youth, I think that implementing things like polls and even social media publicity would allow for those not involved in the Youth Commission to have an impact on our initiatives and see what their city is doing for them.

Minimum of 25 words.

No

Why are you interested in joining the Youth Commission?*

Since I was 4 I have lived in one of the most beautiful cities in the world; Malibu. In this time I've learned that community here is everything. Living in such a small town gives you the opportunity to really get to know many people well. That's one of the many things that's so awesome about this town. As all cities have, we definitely have some issues, and some are life threatening. PCH has been a major concern for the community, as 62 people have been killed since 2010 on it. The safety on this road questions many families on if their teen is safe driving. As a new driver I see many potential issues and resolutions to come for this road. Our community is very connected but I believe that more city events made for teens and not just little kids would be a good thing to make new connections or help bond old ones. Also a skill I would like to improve on would be my public speaking skills. I'm a very sociable person but I would also like to be a well spoken person and be able to communicate things directly to a large number of people.

Minimum of 50 words.

What skills, talents, or strengths would you bring to the Youth Commission? *

In the youth commission I will bring a voice, leadership, new ideas, and collaborative skills. I am thoughtful when it comes to respecting other perspectives in the community. One of my strengths is listening to others and improvising those ideas to accommodate everyone's wants. In the past year I joined ASB; this program at Malibu High has taught me many skills, and helped strengthen old ones. But most importantly, I will bring my genuine passion for the city and the people who make it what it is.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

Over the past year I have been involved in student government, athletics, and community service. Last year I was elected Freshman Class president and I have served in this role for this school year. I have planned freshman film night, where all of the class of 2029 come to school at night and we watch a movie of the students' choice; this event will take place in May. I also am in the process of planning Freshman vs Sophomore field day. Besides that, I have worked with the whole class to plan homecoming and many other activities and events. In this class I have built many bonds with people that I never thought I would. In the past spirit week I coordinated ping pong at lunch for all students, and many expressed that they enjoyed it. So now I'm trying to get in contact with a ping pong player so they could donate a table or 2 During the last winter I also participated in helping out with the tree lot. It gave me time to give back to the community, as well as time to connect with my pears.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

As a teen born and raised in Malibu I have come to acknowledge that many things in our town are different. In most ways this is great, but some are cons. Now, that I've been a student at the high school for almost a full year I have seen that we lack school funding. Especially since I'm apart of ASB, I really see a version of it most students don't. This lack of funding is majorly impacting all parts around this school, like sporting events, school events, and many important; but boring, parts of the school, so I won't get into those. But I feel as if we aren't getting the high school experience we all now and come to love. I just hope that I can help Malibu schools get the love they all want and deserve, because I know that we all need more school spirit.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I were to be selected to be a Youth Commissioner, I would want to see Malibu become a more safe and connected town. As a new driver I hope to see myself collaborate with others to help me and many other teens feel safer on our main road. Also I hope to help bring the community together more. One thing I want to push for is bringing back the Chili Cook Off. This is the one time of year that all of us are together all enjoying our selfs, and I take pride in being a Malibu resident during this time. All and all I hope to see myself be more involved in this city, because I want to make a change.

Minimum of 25 words.

Per the Youth Commission absence policy, Commissioners may miss a maximum of three meetings in a twelve-month period before their seat is vacated.

Have you previously served on the Youth Commission?*

No

Why are you interested in joining the Youth Commission?*

I am interested in joining the Youth Commission because I have been looking for a way to get involved within my community, and I was happy to see this opportunity available. I have lived in Malibu my whole life and attended Malibu Presbyterian Nursery School (Malibu Pacific), Webster Elementary, Malibu Middle School, and am currently at Malibu High School. I have also participated in city events over the years, such as the Malibu Library Bookmark Contest, Parent/child music classes at Bluffs Park, and Malibu Surf Camp. I have gained so many new friendships and experiences from these things, and I would love to give back to my community.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I think my biggest strength is that I'm a huge team player. Between sports and being Choir Secretary, I've learned how to work well with different groups of people. I'm also very dependable and always show up ready to help. I'm a creative thinker, and I'm always looking for new ideas or ways to use social media to get more students involved in what the City is doing.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

I am currently in two sports at Malibu High (volleyball and track) and have been in choir since 6th grade with Dr. Sorensen, and for the last two years, I've served as the Choir Secretary. I am also an active member of 3 clubs (Young Life, Dough Good, Best Buddies). Through these clubs and the choir, I have participated in community activities and service. It has helped me interact with different parts of the community.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

After getting my license, I have realized that there are not a lot of places or events in Malibu that are teen-oriented. It would be easy to stay at home and disconnect from others. I think that teens spend too much time on their phones. But, I have found that when I want to hang out with my friends, we will usually either be in one of our houses or through the canyon, meaning we spend more time traveling than actually hanging out. Many places in Malibu cost a lot of money or are not targeted at teens.
After seeing how much fun I had running Malibu Moves (I ran the 5k) last year, it made me realize that I can do more to help support and promote healthy, outdoor activities for teens to participate in locally.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

I would be a new member of the Youth Commission, so I would want to connect with members who have served before and hear what their experience was like and what their goals were/are for the upcoming year. I would like to set reasonable goals for the year and work hard on 1-2 major ideas and fully complete them. I think it would be great to work on one major teen event with the City every quarter, so there's always something to look forward to. I'd love to help with the actual event planning.

Minimum of 25 words.

Why are you interested in joining the Youth Commission?*

I am interested because I believe that the youth community in the city of malibu can be improved from it's current state. What skills, talents, or strengths would you bring to the Youth Commission? *

I am set up to be the senior class president of malibu high school next year, meaning I have the ability to advertise events and spread messages about the commission to my fellow students

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

Aside from my previous year serving on the commission, my position in ASB at malibu and as class president which I touched on in a previous response is the extent of my school involvement..

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

I think a major issue is a lack of connection, from what i've noticed at school is that there are many close groups but they choose to separate themselves from each other, and I hope that serving another year on the commission can help bring them together.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

I would like to see the commission work with the middle/high schools to plan and advertise events and volunteer opportunities. I think that with enough representation we could really get things done next year to make malibu a cleaner, more fun place.

Have you previously served on the Youth Commission?*

No

Why are you interested in joining the Youth Commission?*

I am interested in joining the Youth Commission because I want to make a real impact on this community and be a voice for the teens of Malibu. As someone who is in the ocean a lot I've always cared about the environment and the safety of the community because I surf and do junior lifeguards. I think being apart of the Youth Commission will help develop my leadership skills while making a real impact on our community.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I bring strong leadership, teamwork, and communication skills from playing water polo and doing Junior Lifeguards. I am always open to others' perspectives because as a community everyone has a voice. I also commit to goals and work hard, which is why I received the presidential award in eighth grade.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

I am extremely involved in school activities because I believe that the school is the center of our community. Inside school, I am on the swim team and water polo team. I am also a part of the Junior Community Fire Brigade, and I am in the robotics club, which both help develop my communication and teamwork skills. Outside of school I do Junior Lifeguards, where I learn ocean safety and push myself to its limits. I've also participated in a couple of trash pickups at Malibu beaches to help keep our community clean.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

I think that a major issue with the teens of Malibu is maintaining their mental health. The pressure of academics and extracurriculars has become so stressful for students. A lot of students feel stressed while trying to do well in school and meet expectations. I think there should be more safe mental health sources for teens where they can talk openly and freely while feeling comfortable.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I were selected to be a Youth Commissioner, I would like for teens to get more involved in the community and make great accomplishments because it's important for our voices to be heard. I would focus on making mental health resources available to teens and organizing beach cleanups because I think it's important for our community to develop environmental awareness because we live so close to the ocean. Most importantly of all, I would like for teens to put their phones down, connect with our environment, and help build a strong community.

Minimum of 25 words.

The Youth Commission meets at 7:00 p.m. on the 1st Thursday of each month, September through June. Have you previously served on the Youth Commission?*

Yes

Why are you interested in joining the Youth Commission?*

I've served on the Commission for the first time this year, and I've had such a great time that it inspired me to apply again for the next upcoming term. I think the community service work that we do is so great and I personally really enjoy showing up to events and doing something to help others. I also love the opportunity it creates for student leadership; we're able to engage and work with one another and use that to come up with ideas which is such a good skill to have now and for the future.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I think that this year I came in to feel out the space and see what the Youth Commission is about, and I would love to come back again next year and take what I've learned this year to engage more with my fellow commissioners. I think I'm able to create a positive social environment where people feel comfortable to share their ideas and engage comfortably, which can be a good skill to bring because we have such a wide range of students among the Youth Commission. I'm very passionate about community service as it is something I would love to do with my future and so I think I'm also able to bring excitement about doing what we do to meetings and events. Overall, I think if I seize the opportunity, I'm able to bring a passion and also positive work environment/leadership to the Youth Commission, which I would be so grateful to do.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

I participate in many arts; I play the viola for our orchestra, I sing in our after school chamber choir, and I do theater (both the fall play and the spring musical). Music in all forms is a big passion of mine and I love the community it creates between singers, dancers, or instrument players who all share excitement over what they do. In our choir cabinet, I'm the chamber choir representative because I like to be involved despite only being able to do the after school class. Even though my arts participation is time consuming, it feels like more of a break from the more stressful parts of school because at the end of the day I'm doing something I love with really close friends. My favorite school activity that I run is the Dough Good Baking Club. I started it in freshman year, but it's definitely taken off more in my sophomore year. Our goal is to raise funds and participate in community service events with the aim to lessen the hunger crisis around the world. We do the weekly Bake N' Share at Malibu Methodist, a community service event that provides baked goods to those with a lack of food. Our current big goal is to raise money for a non-profit organization with similar goals as us and donate it at the end of the year. I have so much fun running my club and it also feels like such a reward to be able to do it with people that care as much as I do.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

I think currently, Malibu teens is pressure and anxiety caused by past events such as the fires that affect abilities to perform in school. It's very difficult to live in uncertainty when it feels like the community around you is constantly changing, although this is something that I think has improved greatly since the time of the fires, since it has been a little over a year. Beyond the fires, a more recent issue could be the weight of stress in school that carries on far after the school day/week is over. It could be the fact that I'm getting further into high school, but I've noticed many more people during my sophomore year that are commenting about their burnout and stress that's caused by their workloads combined with activities outside of school. School is exhausting anyway, but I've noticed my own friends' exhaustion and difficulty to keep up the pace that our workloads demand, which affects life outside of school. I think the issue is balance; teens can take preemptive measures to keep themselves from constantly being burned out, but I also think it's important to remind teens that their exhaustion matters and it is okay to take a break.

Minimum of 25 words.

ATTACMENT 3

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I'm selected to be a Youth Commissioner, I would love to participate on the board. I would love to see the Commission expand community service event participants, because I think that showing up is the most important thing, so I think it would be great to accomplish more of a commitment from people in terms of showing up to our service events. I would also like to experiment with the idea of working towards a big goal that we want to accomplish by the end of the 26-27 year. I think this could be in the form of a certain number of hours we want to complete as a commission, a big material donation for an organization, or even donation money (but I'm not sure what our rules or limitations are for fundraising). The Commission is already making a large impact and I think it would be amazing if we as a group could come up with a big project or goal to work towards.

Minimum of 25 words.

The Youth Commission meets at 7:00 p.m. on the 1st Thursday of each month, September through June. All Commissioners are expected to attend monthly meetings, special events, and participate in community service projects. Per the Youth Commission absence policy, Commissioners may miss a maximum of three meetings in a twelve-month period before their seat is vacated.

I acknowledge the Commission meets the first Thursday of the month at 7:00 p.m. and I am available to regularly attend meetings.*

Describe your involvement in school activities, including any volunteer experience.*

I am in advanced math and a straight A student. I play travel baseball and water polo at Malibu Middle School and have volunteered at Pepperdine's Art Show and played the viola. I have helped fundraise for Malibu Little league and volunteered at the snack shack. I have also helped fundraise two of my travel ball teams to support us going to Cooperstown.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

I think mental health is the current major issue for Malibu's teenagers. This is because many students are facing mental health silently with intrusive thoughts. This is dangerous due to the fact that many teens feel they have no one to help deal with this.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

I would like to see the Malibu Youth Commission accomplish helping the community with activities for kids and adults. Hopefully this will help with Malibu's teen struggle of mental health.

Minimum of 25 words.

The Youth Commission meets at 7:00 p.m. on the 1st Thursday of each month, September through June. All Commissioners are expected to attend monthly meetings, special events, and participate in community service projects. Per the Youth Commission absence policy, Commissioners may miss a maximum of three meetings in a twelve-month period before their seat is vacated.

I acknowledge the Commission meets the first Thursday of the month at 7:00 p.m. and I am available to regularly attend meetings.*

Have you previously served on the Youth Commission?*

Yes

Why are you interested in joining the Youth Commission?*

I would love to serve on the Youth Commission again as it was such a great experience! I had so much fun participating in community service events, meeting new people, learning how the commission works and so much more. I really want to be able to learn more about our city, how it runs and what we can do to give back to it. Being a part of the Youth Commission really opens up so many different opportunities to help our community and I want to be able to help contribute as much as possible.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I feel that I bring my communication, leadership and collaboration skills to the commission to help with whatever challenges we may have. These skills are very important for the team sports, musical groups and theater which I am a part of as we need to be able to interact and work effectively together in order to win our games or to perform the best we can. Similarly, I feel that being able to easily communicate and connect with others is very helpful when part of a commission as we need to be able to work together in order for the commission to run smoothly and to help our community thrive.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

At my school I am involved in different activities such as our girls waterpolo, volleyball and swim teams. Along with that, I am in high school orchestra, chamber choir and immersed in our theater's musical. At school I am also part of Young Life, a youth club where we can talk, pray and read the bible together and open for anyone who would like to join. When I am given the opportunity for community service, I have helped out at the school's snack shack, almost all of our varsity volleyball team's games (our whole team helps) and when the events come up, help sing and play my viola at fundraisers and or events for the community. Being a part of the Youth Commission has opened up so many community service opportunities for me to participate in, such as the Malibu Moves Marathon and the Bu Bash at Bluffs Park! I love being a part of these clubs, teams and most of all being able to be involved in various volunteer opportunities. I feel so accomplished when volunteering in these events and so thankful that I have really been able to give back to my community.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

Although it doesn't just effect Malibu teens, most teens struggle with mental health issues with social media, who we surround ourselves with and more. Mental health is a big issue for teens, which we all really need to focus on.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I am selected to be on the Youth Commission again, I would love to see us focus on mental health awareness in our community. Mental health is a very important topic as most teens today struggle with it. Being able to set up events to spread awareness, engage the community, and even set up fundraisers would be very beneficial. For this upcoming school year I am trying to start a club focused on mental health with all of these goals and purposes as it is such a big issue that our world faces today. Hopefully we could even figure out how to collaborate both the club and the commission together to help set up these events in order to spread awareness and benefit those who struggle with mental health.

I am interested in joining the Youth Commission because I want to have a voice in decisions made for my community. I want the opportunity to share my opinions and thoughts on issues. I am also the president of my high school's Malijew Club, where I organize meetings with the help of the local Chabad to create a positive, engaging environment for members. One major issue facing Malibu teens is the lack of safe, positive spaces where they can spend time together. There aren't many places for teens to hang out in an environment that encourages creativity, inspiration, and genuine connection. Because of this, some teens may feel isolated or turn to less healthy activities out of boredom. Creating more welcoming spaces and programs for teens could help build a stronger community, support mental well-being, and foster a more positive community.

If I were selected to be a Youth Commissioner, I would like to see the Commission make a meaningful impact by ensuring that youth voices are heard and considered in local decision-making. This year was my first year in the Youth Commission, and I've really enjoyed putting some of my time in knowing that it can be for the benefit of the city of Malibu. With this most likely being my last year in Malibu since I'm expecting to go off to college, I genuinely want to spend it helping my community through another year of the Youth Commission. I think that being a senior at MHS, I could definitely make an impact within the youth community of Malibu, especially with the opportunity of the Commission.

Within the high school and especially the class of 2027 (my class), many teens aren't having the same social experiences and aren't as connected as they were prior to 2020. I think this is a major issue considering how small our community and our high school is.

No

Why are you interested in joining the Youth Commission?*

I have wanted to be on the commission since I was little and watched my brother Tripp be on it for many years. I want to learn more about Malibu and make a difference!
I love the city of Malibu and want to help make it an even better place for teens and everyone.

Minimum of 50 words.

ATTACMENT 3

What skills, talents, or strengths would you bring to the Youth Commission? *

I love to meet and work with different people. I have lived in Malibu my whole life with the exception of the past few years when I lived in Westlake Village.
I enjoy public speaking as well. I enjoy collaborating and meeting different people. I have many friends or people that I grew up in Malibu with on the commission.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

For the past three years, I have been part of National Charity League in the Conejo Valley. I volunteer all over the Conejo Valley with my mother.
At Malibu High School, I am an honors student and I'm also taking an ASL college course this semester. I am going to be in ASG next year hopefully. I'm on the Varsity Water Polo team and swim team too.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

I think they need to volunteer more. Everyone is pretty busy with school and sports, but I have seen how your feelings about the community change when you volunteer in places you wouldn't normally go. For example, helping at the Senior Center or at Bluffs Park classes etc.

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

Well, I would love to first see what they have been up to for the past few years. I just moved back to Malibu in September so I haven't had a chance to talk to my friends on the commission to see what they have been working on.

Minimum of 25 words.

The Youth Commission meets at 7:00 p.m. on the 1st Thursday of each month, September through June. All Commissioners are expected to attend monthly meetings, special events, and participate in community service projects. Per the Youth Commission absence policy, Commissioners may miss a maximum of three meetings in a twelve-month period before their seat is vacated.

I acknowledge the Commission meets the first Thursday of the month at 7:00 p.m. and I am available to regularly attend meetings.*

Have you previously served on the Youth Commission?*

No

Why are you interested in joining the Youth Commission?*

I'm interested in joining the Youth Commission in order to stay connected and in touch with our city government, help advocate for teens, organize events, and work with city leaders to solve community issues. By joining the Youth Commission, I will also have many opportunities to build skills that are useful beyond academics such as public speaking, debating, and most importantly to me, confidence in leadership roles. As an upcoming ASB representive, skills like confidence in leadership will benefit my ability to stand out within a group of young leaders.

Minimum of 50 words.

What skills, talents, or strengths would you bring to the Youth Commission? *

As I continue to grow as a high school student and leader, I would bing strong communication skills as well as genuine commitment ultimately being a strong voice as one of the Youth Commissions advocates. Using my ability to collaborate with other students, adults, and peers, I can make a positive impact on our community. Also, with my experience in working with others, I can listen to different perspectives and work as part of a team in order to build off of ideas, helping our community in the most efficient way possible.

Minimum of 25 words.

Describe your involvement in school activities, including any volunteer experience.*

Although I am not involved in many school activities, I do enjoy helping decorate for our school pep rally's to create a positive and spirited environment for students. I am not currently apart of ASB, but so show my dedication and interest for the upcoming year in student leadership, I love getting to be apart of behind the scenes work and expressing my creativity through preparing a space where students can come together and show their pride for our school. In addition to school involvement, last Christmas I took part in volunteering for our local tree lot which allowed me to give back to my community and develop team building skills.

Minimum of 25 words.

What do you think is a current major issue facing Malibu teens? *

1 current issue I feel are affecting teens in the city of Malibu, are our roads. On behalf of new drivers, and a close companion of new drivers, I notice we have two main roads we use which face many impactful safety challenges; Malibu Canyon and PCH. Key safety challenges on Malibu Canyon include frequent rockslides, mudslides and many other dangerous driving conditions. These narrow, and windy roads with sharp turns and high speed traffic can be an extreme hazard for teen drivers still gaining experience with driving. These roads have had many accidents in the past, which can be especially dangerous for inexperienced drivers who may not know how to react quickly in unexpected situations. With similar safety issues, PCH is often a heavily populated road, meaning visitors with little PCH experience may make sudden stops and turn unexpectedly. They are also unfamiliar with the area, leaving more room for collisions

Minimum of 25 words.

If you were selected to be a Youth Commissioner, what would you like to see the Commission accomplish? *

If I were selected to be a Youth Commissioner, I would like to see the Commission come together to build safety on our roads in order to ensure travel with ease and plan more community wide events to raise funds for our city.

Minimum of 25 words.

The Youth Commission meets at 7:00 p.m. on the 1st Thursday of each month, September through June. All Commissioners are expected to attend monthly meetings, special events, and participate in community service projects. Per the Youth Commission absence policy, Commissioners may miss a maximum of three meetings in a twelve-month period before their seat is vacated.
