

A graphic illustration featuring a large green recycling symbol at the top. Below it, a yellow cardboard box is partially open, with a brown cardboard box inside. At the bottom, a clear plastic bottle is shown. The background is a mix of blue, yellow, and brown tones.

WHAT YOU NEED TO KNOW ABOUT

BUSINESS RECYCLING

Why recycle?

- **State law now requires all businesses that generate 4 or more cubic yards of waste weekly to recycle.**
- Recycling may provide opportunities for your business to save money.
- Recycling helps conserve resources and extends the life of California's landfills. It also helps create a healthy environment for our community and future generations.

How to get started

It's easy to recycle at your business.

- Make sure your business has arranged for recycling services (see below for more information).
- Use the list on the other side of this flyer to help employees learn what items can be recycled.
- Separate recyclable items from trash inside your business.
- Place your recyclable items in external recycling containers for collection.
- **Note:** Any business or individual may donate, sell and/or otherwise arrange for the pickup of recyclable materials.

Where to go for more information

Contact Waste Management at 800-675-1171 or Universal Waste Systems at 800-631-7016.

Visit www.malibucity.org/haulers for a list of local recycling and solid waste service providers.

Call Malibu City Hall at 310-456-2489 or visit www.malibucity.org for more information about the City of Malibu environmental programs.

For additional general information about recycling and waste reduction, visit the California Department of Resources Recycling and Recovery (CalRecycle) at www.calrecycle.ca.gov.

Types of material to recycle

- Clean, dry paper
- Cardboard and chipboard
- Plastic and glass bottles and jars
- Metal and aluminum cans
- Metal containers and empty aerosol cans
- Plastic bags and dry cleaners bags, bundled

Don't put in recycling bin

- Broken glass
- Contaminated or wet paper
- Plastic hangers
- Rubber tires
- Hazardous waste — paint, batteries, antifreeze, pesticides, cleaning products, appliances, cell phones, TVs, computer monitors
- Do not place rubber tires or hazardous waste in recycling bins. For information on proper disposal or recycling of these materials, visit www.CleanLA.com.

It is against California State law to transport more than 15 gallons or 125 pounds of hazardous waste to collection sites. Please pack your waste properly to prevent tipping or spilling of the waste during transportation.
