

### Appendix A EXISTING CONDITIONS MAP

The PCH Existing Conditions Map attached on the following pages combines much of the geographic information for the parking related information discussed in Chapter 3 in a single map. The 66-page strip map follows PCH from the western City Limit south of Leo Carrillo State Park to the eastern City Limit just before Topanga State Beach. Each page is rotated to show as much of the highway as possible with a north arrow, context map, and post miles to keep readers oriented. All pages are rendered at a 1":110' scale and include matchlines indicating the point of overlap with the previous/next page in the series. **Table A-1** on the next page details the layers included in the map. The PCH Existing Conditions Map depicts each of the layers provided as a reference.

Data was collected using ESRI world imagery, in the field by Stantec, and data was also provided to Stantec from stakeholder agencies including Caltrans and the City of Malibu. Field work included aerial photogrammetry, performed by subconsultant Robert J. Lung and Associates, and data collection on numerous days from December of 2015 to July of 2016. Aerial and topography data was collected by aerial survey in December of 2015. Field data collection included shoulder and curb measurements, photography, field confirmation of agency provided data, driving the corridor and recording video of peak summer shoulder parking usage, and geocoding of sign and curb locations using a mobile GIS application.

## PACIFIC COAST HIGHWAY PARKING STUDY

Appendix A Existing Conditions Map  
May 2017

**Table A- 1 PCH Parking Corridor Map: Geographic Layers Included, Sources, and Notes**

Data	Description	Source	Notes
Beach Access Points	Locations of the Primary Beach Access Points Discussed Earlier in this Report	Stantec/ City of Malibu /Coastal Commission	Access points are symbolized at the point of access such as the top of a stairway or the driveway from PCH. Locations confirmed in the field from GIS Data provided by the City of Malibu.
Bus Stops	Locations of Bus Stops Along PCH	Stantec/ City of Malibu	Location Accuracy Improved with review comments and verified in the field.
Post Miles	Previously Defined and Estimated Post Miles along PCH	Caltrans/ Stantec	Caltrans State highway network post miles at intersections along PCH with Stantec estimated post miles on sheets with no Caltrans post miles shown.
No Parking Signs	Existing and Caltrans Authorized Potentially Missing No Parking Signs by MUTCD Sign Type and Direction	Stantec/ Caltrans	Caltrans Authorized Potentially Missing No Parking Signs refer to signs included in Caltrans Sign/Installation Orders but not found in the field. Designated with distinct symbology and the "-CT" designation in the legend.
Curb Restrictions	Curb Parking Restrictions by Color. Includes Red, White, and Yellow Curbs as well as Compromised Red Curbs and Bus Zones	Stantec/ City of Malibu	Bus Zones refer to curb parking restrictions at bus stops often with the words "Bus Zone" stenciled on the surface. Compromised Red Curbs refer to red curbs that are damaged, faded, or potentially painted over.
Driveways	The location of driveways interrupting potential shoulder parking	Stantec	In instances where driveways were more difficult to discern Stantec conferred with the City of Malibu and Caltrans on a case by case basis or considered the area directly in front of a garage or car port to be a driveway.
Malibu City Limits	The Boundary representing the jurisdiction of the City of Malibu	City of Malibu	
County Parcels	Property Lines based on Tax Assessor Parcels	County of LA/City of Malibu	Parcel data was provided by the city. It should be noted that boundaries are approximations.
PCH Shoulders	A visualization representing the measured widths of the paved and unpaved shoulders of PCH in the study area	Stantec	Unimproved shoulder is not shown where paved shoulder alone is sufficiently wide for parking.
Pavement Hatching	A visualization representing areas with white pavement hatching reinforcing No Parking restrictions	City of Malibu
