April 16, 2019

Dear Property Owner,

The City of Malibu recently completed the construction of the Civic Center Water Treatment Facility (CCWTF) Project – Phase 1. The project included a new wastewater treatment plant, a pipeline collection system, a recycled water system, and an injection well system. The CCWTF currently treats up to 200,000 gallons per day and provides up to 70 million gallons of recycled water per year.

You are receiving this notification because your property is within the Phase 2 portion of the City of Malibu Civic Center septic system prohibition area. Properties within Phase 2 are required to connect to the CCWTF by **November 5, 2024**.

The City will be hosting a meeting with all the property owners within Phase 2 to continue a dialogue regarding the development of the Phase 2 portion of the CCWTF Project. The meeting will be held at the following location and time:

Malibu City Hall Council Chambers
23825 Stuart Ranch Road
Malibu, CA 90265
Tuesday, April 30, 2019
6:30 p.m.

If you have any questions or need additional information, please contact Brandie Ayala, Senior Administrative Assistant, at (310) 456-2489, ext. 352.

Sincerely,

Robert DuBoux, PE, ESQ.
Public Works Director/City Engineer
