### WOOLSEY FIRE ANNIVERSARY COMMUNITY GATHERING

Please join us for a [community gathering](#) to mark the anniversary of the Woolsey Fire and honor Malibu's recovery and resilience on Saturday, November 9, 11:00 AM to 1:00 PM at Zuma Beach Lot 8. The event will feature a poetry reading by Malibu Poet Laureate Ellen Reich, musical performances by Brandon Jenner and the Malibu High School choir, personal testimonials from community members, refreshments provided by Bob Morris' Paradise Cove Beach Cafe and special giveaways for Malibu residents.

### SOUTHERN CALIFORNIA EDISON PUBLIC SAFETY POWER SHUTOFF (PSPS)

When the National Weather Service (NWS) forecasts critical fire weather conditions - high winds (Santa Ana events), along with high temperatures and low humidity - Southern California Edison (SCE) with approval from the Public Utilities Commission (PUC), may proactively shut down power in certain at-risk areas to reduce the threat of wildfires. This past week, SCE implemented a PSPS and temporarily turned off power in western Malibu. The City of Malibu has publicly stated that it is opposed to any PSPS in the City of Malibu and will continue to work with SCE and the PUC to address this mandate and its ramifications for the Malibu community. The City has been working on zero-power emergency notification plans that include audible neighborhood alerts and information stations at points of distribution located throughout the City to be used during emergencies.

### HOW TO REACH THE CITY DURING EMERGENCIES

The City encourages all community residents to sign up for emergency, traffic, weather and utility alerts through the website e-notification system at [MalibuCity.org/News](http://MalibuCity.org/News) (scroll down to "Alert Center"). You

can also get emergency information during a disaster by phone by calling the City's Hotline at 310-456-9982. During an emergency situation, the Hotline is updated regularly with current information.

The race event on November 3 starts at 7:00 AM. The route goes along the shoulder of PCH on the ocean side from Westward Beach Road to Mulholland Highway.

### **SHORT-TERM RENTALS**

City Council will hold a special meeting on Tuesday, December 3 at 5:00 pm, to consider an ordinance to regulate short-term rentals. This meeting is the result of direction given by the Council on Monday, October 28, where staff was directed to return with an ordinance similar to that presented on September 26, 2018, in order to create some regulatory tools in the Municipal Code, and in the meantime, concurrently initiate and process a Local Coastal Program Amendment. The LCP Amendment would be substantially similar to the regulations recently enacted by the City of Santa Monica for "hosted" short-term rentals in which the property owner is required to be onsite at the time of the rental.
