RE: Memorandum of Understanding (MOU) Quarterly Progress Report
Malibu Civic Center Water Treatment Plan

Dear Renee:

The following is the quarterly progress report for the Malibu Civic Center Water Treatment Plan, which covers work activities performed on this project during the period between July 1, 2019 and September 30, 2019. To date, the City continues to make progress on all MOU Milestone requirements.

Below is a list of work activities performed during the last quarter:

- Woodard and Curran, the design consultant for Phase 2, held a project kickoff meeting with the City and began the preliminary design for the project.
- The City scheduled a community meeting on October 10, 2019 for the design of the Civic Center Water Treatment Facility, Phase 2 (Phase 2).
- The City's water quality monitoring consultant, Rincon Consultants, continues to collect baseline background data for the project's Groundwater and Surface Water Monitoring Programs.
- Staff continues to provide regular updates of the project to the City Council.

During this last quarter, Woodard and Curran, the design consultant for Phase 2, started the preliminary design for the project. This work included a project kickoff meeting with the City, collecting data, reviewing reference documents from Phase 1, and conducting interviews with the Civic Center Water Treatment Facility Chief Plant Operator. A Preliminary Design Report is expected to be completed by the end of February 2020.

The City continues to implement the groundwater and surface water monitoring programs as required by the project permits. The third quarter 2019 water monitoring report was recently completed and submitted to the RWQCB. Staff will continue to hold regular meetings with

stakeholders, the City's Public Works Commission, and the City Council, as needed, to keep them informed of the progress of the project.

If you have any questions, or require additional clarification, please do not hesitate to contact me at (310) 456-2489, extension 339, or rduboux@malibucity.org.

Sincerely,

Rob DuBoux, Esq. PE
