Conditional Request for Power

Date: _____

Project Address: _____

Building Permit Number: _____

To Whom It May Concern:

As the Electrical Contractor of Record for the above address, I hereby request Utility Power (no final) for the purpose of testing electrical, HVAC, and related equipment. All service equipment, service feeders, and building feeders have been tested for shorts and grounds. All parallel feeders have been properly phased. Factory torque requirements in all electrical equipment have been checked and maintained.

See requirements in the following document: NFPA 70E Standards for Electrical Safety 2024 Edition

Furthermore, I will guarantee that lock out tag procedures are strictly maintained. All panels, sub-panels, and disconnect switches will be kept locked and under this Contractor's control at all times.

I will assume full responsibility for all energized and de-energized electrical equipment. I will also notify sub-contractors in writing before any equipment is energized. A copy of this notification will be provided to the Building Official.
