Repair, Maintenance and Utility Hook-up Exclusions
Coastal Development Permit Exemption
Malibu Local Coastal Program Local Implementation Plan (LIP) § 13.4.8

Site Address/Location: _____

Information:

Please indicate whether the following questions accurately describe your project.		Yes	No
A.	The project consists of repair and maintenance activities specifically described in the document adopted by the California Coastal Commission on September 5, 1978 titled "Repair, Maintenance and Utility Hook-up exclusions from Permit Requirements" as described in the Malibu LIP § 13.4.8.		
B.	The project is categorically exempt from the California Environmental Quality Act or a Negative Declaration was prepared for the project.		
C.	The project will have a risk of substantial adverse impact on public access, environmentally sensitive habitat area (ESHA), wetlands or public views to the ocean.		
D.	The project involves the removal of vegetation from, or other minor road improvements, to a lawfully established public or private road which has not been maintained for a period of five years.		
E.	A Coastal Development Permit has been previously issued for the project site and the permit indicates that any future improvements requires a Coastal Development Permit.		

** If the answer to question C, D or E was yes, then the project is not exempt from the requirement to obtain a coastal development permit.
